The term shall include all portions of the Lot owned as well as any structure thereon. In the case of a structure which contains multiple dwellings, each dwelling shall be deemed a separate Parcel. The term shall not include any portion of the Club Property.

OR BK 03321 PG 2870

In the case of a parcel of vacant land or land on which improvements are under construction, the tract shall be deemed to contain the number of Parcels designated for residential use for such tract on the site plan approved by Declarant, until such time as a subdivision plat or other instrument subdividing the land, including without limitation a declaration of condominium, has been recorded in the Public Records of Lee County, Florida on all or a portion thereof. After the recordation of the plat or other such instrument, which recordation may only occur with Declarant's consent, the number of Parcels for such portion of the Property shall be determined based upon the number of Parcels shown on the plat or other such instrument. After issuance of a certificate of occupancy on any portion thereof, the portion designated in the certificate of occupancy shall constitute a separate Parcel or Parcels as determined above and the number of Parcels on the remaining land, if any, shall continue to be determined in accordance with this paragraph. When the term "Residence" is used herein, it shall refer to a Parcel for which a certificate of occupancy or like certificate has been issued.

2.40 "Special Assessments" shall mean an assessment levied in accordance with Section 9.05 of this Declaration to pay for expenses or Master Association Expenses which may accrue from time to time, for which insufficient monies from Regular Assessments, insurance proceeds, reserves, or other funds are available to pay the same; and/or to pay for capital costs not otherwise funded; or which is levied against one or more Parcels or Neighborhoods for special purposes, all as provided herein.

2.41 "Streets" shall mean and refer to any roadway which is dedicated exclusively to the Master Association, and any and all other roadways for which the Master Association is charged with maintaining, or has agreed to maintain by any separate agreement. Streets and all median landscaping and special surface treatments therein such as, but not limited to, pavers or stamped concrete shall be maintained by the Master Association. The Declarant hereby reserves an easement for ingress and egress over all streets within the Property not owned by it (if any) for development of Grande Oak which shall terminate upon the conveyance of the last Parcel owned by the Declarant at Grande Oak. Declarant does hereby further grant all other Owners, a non-exclusive, perpetual easement for ingress and egress over and across the Streets. Declarant reserves the right to grant an easement for ingress and egress over the Streets and elsewhere within Grande Oak, in favor of those persons of Declarant's choosing, for the development, operations or maintenance of Grande Oak or any component thereof, or any other properties without regard as to whether said other

OR BK 03321 PG 2871

properties comprise a portion of Grande Oak; and, further, for the development, operation and maintenance of The Club at Grande Oak.

2.42 "Supplement" shall mean a written amendment or supplement to this Declaration executed by or consented to by Declarant for the purpose of subjecting additional property to or deleting all or some portion of the Property from this Declaration; or for assigning or designating a portion of the Property for a particular use or value; or for such other purpose or purposes permitted elsewhere in this Declaration; in order to modify these restrictions as they apply to the Property; or in order to impose, expressly or by reference, additional restrictions and obligations on all or any portion of the Property.

2.43 "Tract" shall mean and refer to real property which is a part of the Property and which is not a Lot or Condominium Unit, and which is designated by Declarant in writing as a Tract. Each Tract shall have that number of Property Units that are attributed and assigned to it by Declarant in accordance with the provisions of this Declaration.

2.44 "Turnover" shall mean the date on which Owners, other than the Declarant, elect a majority of the members of the Board of Directors of the Master Association.

2.45 "Water Management System" shall mean and refer to lakes, ditches, culverts, lines, and constructed surface and/or underground systems and facilities for the drainage and/or storage of surface water. Said Water Management System may be entirely located upon the Property, but may also be comprised of public and private easements located outside of the Property, if the facilities service all or some portion of the Property on an exclusive or non-exclusive basis. The Water Management System shall be for the use and benefit of all lands that are now or hereafter a part of the Property. The Water Management System may, if Declarant so elects, service other lands that do not form a part of the Property. Each Owner, the Master Association and Declarant shall have a perpetual, non-exclusive easement, right, license and servitude to use the Water Management System. Declarant, with the consent of the owner of the fee underlying any part of the Water Management System, or Master Association may reconfigure such parts of the Water Management System with the consent of the Declarant, provided same is then in accordance with sound engineering practices and governmental approvals. In such event, the perpetual non-exclusive drainage easement rights of Declarant, Master Association and all Owners shall, without necessity of additional written documentation, be transferred from the previously existing Water Management System to the revised system. Declarant may dedicate to any applicable governmental agency or authority, all or any part of the drainage lines, structures and facilities which are part of the Water Management System. Declarant, or others with consent of Declarant, may execute such instruments as may be necessary or desirable to effect such dedication without the joinder or consent of Master Association, any Owner, or the holder of any mortgage or other lien on any Parcel.

When Neighborhoods are administered by the Master Association, the cost of managing a Neighborhood shall be borne by the Owners in such Neighborhood as a part of the Neighborhood Expenses. When there is Neighborhood Common Area, the Owners of all Parcels in the Neighborhood or Neighborhoods may become members of a Neighborhood Association formed by or with the consent of Declarant to manage and operate and administer such Neighborhood Common Area. If there are Neighborhood Common Areas with no Neighborhood Association to operate and administer such Neighborhood Common Area, the Master Association shall administer and operate such Neighborhood Common Area, and collect any Neighborhood Assessments arising therefrom, in accordance with the provisions of this Declaration.

The Master Association is not a condominium association and therefore shall not be governed by the provision of Chapter 718, Florida Statutes. No portion of the Property is submitted by this Declaration to the condominium form of ownership. Declarant does not intend that any portion of the Property be submitted to the condominium form of ownership except that property legally described in a declaration of condominium specifically prepared in accordance with Chapter 718, Florida Statutes, executed by or with the consent of Declarant. Further, the expressed intent of the Declaration is that the substantive rights hereunder shall not retroactively be affected by legislation subsequent to the date of the execution of the Declaration.

Portions of Grande Oak may contain Conservation Areas, which shall be Common Areas. The Conservation Areas are to be maintained by the Master Association, in their natural state, as more fully set forth in Section 12.04 below.

The Property may be developed around and in conjunction with the golf course, clubhouse, and attendant recreational facilities of The Club at Grande Oak, as may be further described herein as the Club Property. The Club Property shall not include any lakes, which are hereby dedicated as Common Areas to be maintained by the Master Association as part of the Water

Management System. The Club Property is being developed and retained by Declarant, is not Common Area, and may be public, private, equity, or non-equity, as the Club Owner may elect from time to time in its sole discretion. Some of the effects of the operation and development of the Club Property may be to increase the number of persons using the Common Area and Streets. Declarant hereby reserves the right to grant such easements upon the Common Area and/or Streets as may be required, in Declarant's sole discretion, for the use and enjoyment of the Club Property. NOTWITHSTANDING ANYTHING IN THIS DECLARATION, THE OWNERSHIP OF A PARCEL, OR MEMBERSHIP IN THE MASTER ASSOCIATION, DOES NOT CONFER ANY OWNERSHIP INTEREST IN OR RIGHT TO USE ANY OF THE CLUB FACILITIES IN ANY MANNER, EXCEPT AS SPECIFICALLY SET FORTH HEREIN.

(b) Governmental Interests. For so long as Declarant owns any portion of the Property, Declarant shall have the right to designate sites within the Common Area or within portions of the Property owned by Declarant for fire, police, water and sewer facilities, and any and all other like services and/or utility facilities.

(c) Development and Other Governmental Orders. Declarant may present applications for various development orders pertaining to the development of the Property. If such applications are approved, Declarant intends that the portions of the Property affected by such development order shall be developed in accordance with all applicable terms and provisions set forth in such development order. By way of illustration only and not limitation, any order pertaining to the development of the Property may set forth requirements or Construction Standards pertaining to such matters as wetland areas, conservation areas, flora, fauna, water management and exotic species. The effects of any such development orders may include increasing the responsibilities and obligations of the Master Association, as well as increasing the amount of Assessments due from Owners. Declarant shall have the right to seek changes to such development orders after they have been approved without the joinder or consent of any other person. Additionally, under any development order, Declarant retains the right to amend or add to any of the terms and provisions of this Declaration, Articles or By-Laws for the purpose of fulfilling the requirements of any such development order, without the joinder or consent of any other person. All Owners do hereby authorize and appoint Declarant as their respective attorney in fact, to execute any and all documents necessary to maintain the applicable development of regional impact.

(d) Changes in Development Plan. The foregoing is the Development Plan currently anticipated by Declarant. Declarant shall not be obligated in any way to undertake the above Development Plan. Many factors, including changes in market conditions and in consumer preferences, may cause Declarant to change such Development Plan, and nothing in this Declaration shall in any way limit the right of Declarant, in its sole and absolute discretion, to change the Development Plan.

3.02 Property. Declarant shall have the right to change the use of any portion of the Property subject only to the approval of the Owner of that portion of the Property affected.

3.03 Supplements. Declarant shall have the right, alone and in its sole and absolute discretion, to execute and record in the office of the Clerk of the Circuit Court of Lee County,

OR BK 03321 PG 2874

Florida, a Supplement containing provisions which (a) assign a specific use to any portion of the Property; (b) modify the provisions of this Declaration as they apply to all or any portion of the Property; (c) create new provisions to this Declaration as they apply to all or any portion of the Property; (d) withdraw the applicability of any or all of the provisions of this Declaration; (e) add or withdraw properties encumbered by this Declaration; and (f) do anything else permitted by this Declaration, without the joinder of any other party; provided, that, in each instance, such Supplement shall not affect any portion of the Property that has been conveyed to an Owner without the written consent or joinder of the affected Owner.

3.04 Streets.

(a) Primary Entrance Boulevard. That portion of the primary entrance boulevard from the entrance to the community, including the guardhouse, to the golf club house site shall be owned and maintained by the Club Owner. All Owners, their family members and guests are hereby granted a non-exclusive easement for vehicular and pedestrian access over and across the paved portions of the entrance boulevard. Declarant does hereby retain the right to grant others owning lands outside of the Property non-exclusive easements for the installation, maintenance and repair of utility facilities, and for ingress and egress over and across said roadway without notice to, or the consent of, Master Association, any Owner, or any other person. The Master Association shall be responsible for two-thirds (2/3rd) of the cost of operating and maintaining the guardhouse, including, without limitation, any security personnel, equipment and facilities, and the primary entrance boulevard from the entrance to the community to the golf club house site, as a Master Association Expense and shall reimburse the Club Owner, from time to time, within fifteen (15) days after receipt of an invoice for the Master Association's share of such costs. Any required payment not received when due shall bear interest from the date when due until paid in full at the lesser of the maximum rate permitted by law or eighteen (18%) percent per annum.

(b) Other Streets. All streets other than the primary entrance boulevard may be owned or maintained by the Master Association or the applicable Neighborhood, as Declarant directs.

3.05. Lakes. All lakes, wherever situated within the Property, shall be Common Areas. (a) In general, Declarant may, in its sole and absolute discretion, establish any use for the Property which is consistent with the terms of this Declaration, any Neighborhood Declaration, taxing districts, and applicable governmental orders, approvals, permits and regulations; provided that Declarant shall not modify any use of any portion of the Property that has been conveyed to an Owner, without the written consent or joiner of the affected Owner. The Property shall be subject to the use restrictions set forth in the Declaration and any applicable Neighborhood Declaration, and the design Construction Standards and guidelines adopted by the Master Association.

Declarant may, at any time prior to the termination of its Class B Membership, convey and transfer (or cause to be conveyed or transferred) to the Master Association, and the Master Association shall accept, any or all of the Common Areas.

THE MASTER ASSOCIATION SHALL ACCEPT "WHERE IS, AS IS" THE CONVEYANCE OF ANY SUCH COMMON AREAS WITHOUT ANY REPRESENTATION OR WARRANTY, EXPRESS OR IMPLIED, IN FACT OR BY LAW, WITH RESPECT THERETO, INCLUDING, WITHOUT LIMITATION, REPRESENTATIONS OR WARRANTIES OF MERCHANTABILITY OR FITNESS FOR THE ORDINARY OR ANY PARTICULAR PURPOSE, AND WITHOUT ANY REPRESENTATIONS OR WARRANTIES REGARDING FUTURE REPAIRS OR REGARDING THE CONDITION, CONSTRUCTION, ACCURACY, COMPLETENESS, DESIGN, ADEQUACY OF THE SIZE OR CAPACITY IN RELATIONS TO THE UTILIZATION, DATE OF COMPLETION OR THE FUTURE ECONOMIC PERFORMANCE OR OPERATIONS OF, OR THE MATERIALS OR FURNITURE WHICH HAS BEEN OR WILL BE USED IN SUCH COMMON AREAS, EXCEPT AS SET FORTH HEREIN. BY ACCEPTANCE OF AN INTEREST IN ANY COMMON AREAS OR THE DEED TO ANY PARCEL, THE MASTER ASSOCIATION AND ALL OWNERS RELEASE DECLARANT FROM ANY CLAIMS AND WARRANTIES RELATING TO THE COMMON AREAS INCLUDING, WITHOUT LIMITATION, ALL IMPROVEMENTS THEREON. The aforementioned expenses shall be either a Master Association Expense or Neighborhood Expense, as the case may be, whether or not such real property shall be Common Area or Neighborhood Common Area. Prior to Turnover, no such agreement shall be entered into without the prior written consent of Declarant, which consent may be withheld in Declarant's sole and absolute discretion.

4.04 Common Area. The Declarant declares, subject to the provisions of this Declaration, that the Common Area is subject to a perpetual non-exclusive easement in favor of Declarant, Master Association, the Neighborhood Associations, the Owners, their family members, guests, invitees, licensees, and lessees, to use the Common Area for all normal purposes for which same is intended, including, but not limited to, ingress and egress and for the furnishing of services and facilities for which the same are reasonably intended in accordance with the terms of this Declaration. Notwithstanding anything to the contrary contained in this Declaration, Declarant, in its sole discretion, may terminate such easements as to a portion of the Common Area and cause same to become Neighborhood Common Area, or cause the use of such Common Area to be limited to only a particular Neighborhood(s), provided that such act shall not deprive an Owner of a means of ingress and egress from his Parcel to a publicly dedicated road or of a means of being furnished those public utilities which were immediately prior thereto being furnished to his Parcel.

4.05 Easements Over Common Areas. Declarant reserves the right for itself and its designees to grant additional easements for use, ingress and egress, governmental services and utilities over, across and under all portions of the Common Area and Neighborhood Common Areas, for the use and benefit of persons who are not Owners, and for portions of the community which are not Property hereunder.

ARTICLE V
MEMBERSHIP AND VOTING RIGHTS

5.01 Membership. Every Owner and the Declarant shall be members of the Master Association. Membership shall be appurtenant to and may not be separated from ownership of a Parcel which is subject to Assessment by the Master Association. Members' rights, powers, duties and privileges shall be as set forth in the Articles of Incorporation, By-Laws, this Declaration and any Supplement. In the event of any conflict between these documents, the terms and provisions of this Declaration shall control.

The Master Association shall have two (2) classes of membership: (a) Class "A" Members, and (b) Class "B" Members as follows:

(a) Class "A". Class "A" Members shall be all Owners of Parcels within the Property other than the Class "B" Member and the Club Owner.

(b) Class "B". The Class "B" Member shall be the Declarant. Unless the Declarant earlier terminates this membership, the Class "B" Membership shall terminate upon Turnover or Declarant's earlier termination, and be converted to Class "A" Membership. The Club Owner shall not be a member of the Master Association.

5.02 Voting. The voting rights of the two (2) classes of membership are as follows:

(a) Class "A". Except for the rights of the Owners of Tracts set forth below, Class "A" Members shall be entitled to one (1) vote for each Parcel or Property Unit assigned to a Parcel in which they hold the interest required for membership. There shall be only one (1) vote for each Parcel owned by an Owner. If one (1) Parcel is contained on two (2) or more Lots or Condominium Units which have been combined, then the Owner is still entitled to just one (1) vote.

(b) Class "B". The Class "B" Member shall be the Declarant. The rights of the Class "B" Member, including the right to approve action taken under this Declaration and the By-Laws, are specified throughout this Declaration and the By-Laws. The Class "B" Member shall be entitled to appoint a majority of the members of the Board until Turnover, as set forth in Section 5.04 below.

(c) Assignment of Property Units. The Declarant may, in its sole discretion, assign the number of Property Units, if any, to each Parcel. Any dispute as to the number Property Units assigned to a Parcel shall be decided by Declarant, whose decision shall be final.

OR BK 03321 PG 2870

any situation where more than one person holds an interest in a Parcel, the vote for the respective Parcel shall be exercised by any such person; provided, however, the persons holding the interest in the Parcel can notify the secretary of the Master Association, in writing, prior to or during any meeting of the manner in which the vote is to be exercised, and in the absence of such notice, the Parcel's vote shall be suspended if more than one person seeks to exercise it. The voting rights of a Member that is a corporation, partnership or other entity shall be exercised by the individual designated from time to time by the Owner in a written instrument provided to the secretary, subject to the laws of the State of Florida.

5.03 Property Units.

(a) Declarant upon or before conveying legal title to a Tract, shall attribute a number of Property Units to such Tract by the recordation of a Supplement, Neighborhood Declaration or other instrument, containing provisions to such effect. The number of Property Units which Declarant shall so attribute to a Tract shall be the number of Parcels that may to be built on such Tract unless amended by an instrument executed and recorded by Declarant, in its sole discretion, but with the consent or joinder of any Owner of the affected Tract, stating that a greater or lesser number of Parcels may be built on the Tract. Declarant shall incur no liability whatsoever and shall be held harmless by the Master Association and Owners in the event that the number of Parcels built upon such Tract is more or less than the number attributed by Declarant.

(b) If the Owner of a Tract builds fewer Lots and/or Condominium Units than the number of Property Units assigned to such Tract, then such Parcel Owner may petition the Declarant to reduce the number of Property Units assigned to such Tract. Declarant, in its sole discretion, can so reduce the number of Property Units assigned to such Tract, which discretion shall be reasonably exercised. If Declarant does so exercise its discretion to reduce the number of Property Units assigned to a Tract, the same shall be reflected in a written instrument executed by Declarant and the Owner thereof. Such reduction shall have the effect of reducing the maximum number of Lots and/or Condominium Units which may ultimately be built on such Tract, and the obligation of such Owner to pay Assessments for Property Units assigned to the Tract, and the voting rights thereof, all as set forth in such instrument executed by Declarant and such Parcel Owner.

5.04 Turnover. Turnover shall occur three (3) months after ninety (90) percent of the parcels in all phases of the community that will ultimately be operated by the Master Association have been conveyed to members other than the Declarant, at which time members other than the Declarant shall be entitled to elect a majority of the members of the Board. Declarant shall be entitled to elect at least one (1) member of the Board as long as Declarant holds for sale in the ordinary course of business at least five (5%) percent of the Parcels in all phases of the community. For purposes of this Section, the term "members other than the Declarant" shall not include builders, contractors or others who purchase a parcel for the purpose of constructing improvements thereon for resale. Declarant reserves the right to turnover control of the Master Association on an earlier date. The Master Association shall give notice to all Owners of a Turnover meeting, which meeting shall be held not more sixty (60) days after giving such notice. The purpose of the Turnover

Each Neighborhood Representative shall, on behalf of its Members, cast the votes of the Members on Master Association matters. After Turnover, each Neighborhood Representative shall be an officer of the Neighborhood Association, appointed by its President. The Neighborhood Representative shall cast the votes as a block in the manner as the Neighborhood Representative may, in the Neighborhood Representative's sole and reasonable discretion, deem appropriate, acting on behalf of all of the Members; provided, however, that, in the event that the Members in attendance at a duly called meeting of the Neighborhood Association have voted to instruct the Neighborhood Representative on a particular issue, then the Neighborhood Representative shall cast all of the voting power of the Members in the same proportion, as nearly as possible without counting fractional votes, as the Members shall have, in person or by proxy, in favor of or in opposition to such issues. The Neighborhood Representative shall have the authority, but not the obligation, in its sole discretion, to call a special meeting of the Neighborhood's Members in the manner provided in the By-Laws for the purpose of obtaining instructions as to the manner in which such Neighborhood Representative is to vote on any issue to be voted on by the Members of the Master Association. It shall be conclusively presumed for all purposes of Master Association business that the actions of the Neighborhood Representative are within the authority and consent of the Neighborhood's Members.

The Owner shall pay any costs of repair or reconstruction which are not covered by insurance proceeds. In the event that a Residence or Condominium Unit is totally destroyed, the Owner may decide not to rebuild or not to reconstruct, in which case the Owner shall clear the Parcel of all debris and return it to substantially the natural state in which it existed prior to the beginning of construction. (a) Filing Claims. Immediately after damage or destruction by fire or other casualty to all or any part of the Property covered by insurance written in the name of the Master Association, the Board of Directors or its duly authorized agent shall proceed with the filing and adjustment of all claims arising under such insurance and obtain reliable and detailed estimates of the cost of repair or reconstruction of the damaged or destroyed property. The Board shall have the exclusive power and authority to adjust losses under policies obtained by the Association; provided, however, no mortgagee having an interest in such losses may be prohibited from participating in the settlement negotiations, if any, relating thereto. Repair or reconstruction, as used in this paragraph, means repairing or restoring the property to substantially the same condition in which they existed prior to the fire or other casualty, allowing for any changes or improvements necessitated by changes in applicable building codes.

(b) Repair and Reconstruction. Any damage or destruction to the Common Areas shall be repaired or reconstructed unless (i) the Class B Member (prior to Turnover); and thereafter (ii) at least seventy-five percent (75%) of the total votes eligible to be cast by the Class A Members, shall decide within one hundred twenty (120) days after the casualty not to repair or reconstruct. If for any reason either the amount of the insurance proceeds to be paid as a result of such damage or destruction, or reliable and detailed estimates of the cost of repair or reconstruction, or both, are not made available to the Master Association within said period, then the period shall be extended until such funds or information shall be made available; provided, however, such extension shall not exceed one hundred twenty (120) additional days. No Institutional Mortgagee shall have the right to participate in the determination of whether the damage or destruction to the Common Areas shall be repaired or reconstructed. In the event that it should be determined in the manner described above that the damage or destruction to the Common Areas shall not be repaired or reconstructed and no alternative improvements are authorized, then and in that event the affected

OR BK 03321 PG 2887

premises shall be restored to their natural state and maintained by the Master Association in a neat and attractive condition.

8.08 Disbursement of Proceeds. If the damage or destruction for which the proceeds of insurance policies are paid is to be repaired or reconstructed, the proceeds, or such portion thereof as may be required for such purpose, shall be disbursed in payment of such repairs or reconstruction as hereinafter provided. Any proceeds remaining after defraying such costs of repair or reconstruction to the Common Areas or, if no repair or reconstruction is made, shall be retained by and for the benefit of the Master Association and placed in a capital improvements account.

8.09 Insufficient Proceeds. If the damage or destruction to the Common Areas for which insurance proceeds are paid is to be repaired or reconstructed, and such proceeds are not sufficient to defray the cost thereof, the Board of Directors shall, without the necessity of a vote of the Members, levy a Special Assessment against Members on the same basis as provided for Regular Assessments. Additional Special Assessments may be made in like manner at any time during or following the completion of any repair or reconstruction.

OR BK 03321 PG 2888

ARTICLE IX
ASSESSMENTS

9.01 Affirmative Covenant to Pay Assessments. There is hereby imposed upon each Owner and his or her Parcel, the affirmative covenant and obligation to pay all Regular, Special and Individual Assessments, together with any other Assessments imposed by the Master Association and/or applicable Neighborhood Association. Each Owner, by acceptance of a deed or other instrument of conveyance conveying a Parcel, whether or not it is so expressed in such deed or instrument, shall be obligated and agrees to pay all Assessments provided for in this Declaration.

Each Neighborhood Association shall have the obligation to collect the Assessments for the Parcels it administers or controls and pay same to the Master Association when such Assessment is due in accordance with the terms hereof; provided, however, that the Master Association may, in its sole discretion, elect whether to collect or not collect Assessments directly from Owners. Each Owner by acceptance of a deed or other instrument of conveyance conveying a Parcel, whether or not it shall be so expressed in such deed or instrument, shall be obligated and agrees to pay to the Master Association or, where applicable, Neighborhood Association, all Regular Assessments, Neighborhood Assessments, Special Assessments, and Individual Assessments applicable to such Parcel, together with all late fees and other costs in accordance with the provisions of this Declaration; and consents and agrees to the lien rights hereunder against such Parcel. The liability for Assessments or late fees and other costs may not be avoided by waiver of the use or enjoyment of Common Areas or Neighborhood Common Areas, or by abandonment of the Parcel for which the Assessments are made.

9.02 Creation of Regular Assessments. There are hereby created Regular Assessments for Master Association Expenses as the Board of Directors may authorize from time to time.

9.03 Payment of Regular Assessments. Regular Assessments shall be paid in such manner and on such dates as may be fixed by the Board of Directors which may include, without limitation, acceleration of the Regular Assessments for the entire fiscal year upon delinquency in payments. Unless the Board otherwise provides, the Regular Assessment shall be paid on a quarterly basis, in advance.

9.04 Computation of Regular Assessments. It shall be the duty of the Board of Directors of the Master Association annually to prepare a budget covering the estimated Master Association Expenses, to be allocated among all Parcels and Tracts as set forth herein. The Board of Directors shall cause a copy of such budget and notice of the amount of the Regular Assessment to be levied on each Parcel for the coming year to be delivered at least fifteen (15) days prior to the beginning of the fiscal year to each Owner; provided, however, failure to do so shall not in anyway inhibit the Master Association's ability to levy or collect the Regular Assessments.

OR BK 03321 PG 2889

Each Parcel shall have determined therefor a "Value", as set forth below. The total anticipated Master Association Expenses (other than those expenses which are the subject of a Special Assessment), less any income sources shall be apportioned, based upon such Value, to determine the Regular Assessment due on each Parcel and Tract:

(i) Each Lot and Condominium Unit for which a certificate of occupancy has been issued and the Lot or Unit conveyed to an end-user shall be assigned a Value of one (1.00). Each Lot and Condominium Unit for which a certificate of occupancy has not been issued and the Lot or Unit has not been conveyed to an end-user shall be assigned such lesser Value as the Board of Directors shall determine to be appropriate based upon the line items within the annual budget that would not be applicable to Lots or Condominium Units for which a certificate of occupancy has not yet been issued and the Lot or Unit has not been conveyed to an end-user, including, by way of example only, cable television and lawn maintenance.

(ii) Notwithstanding the provisions of subsection (i) immediately above, if one (1) Residence is contained on two (2) or more Lots which have been combined, then the applicable Value for such Lot shall be one and one-half (1.50).

(iii) Notwithstanding the provisions of subsection (i) immediately above, if one (1) Residence is contained on two (2) or more Condominium Units which have been combined, then the applicable Value for such Condominium Unit shall be one and one-half (1.50).

(iv) There shall be assigned to each Property Unit which has been assigned to a Tract a Value of one (1.00).

(v) There shall be assigned to each Parcel which is not subject to subsections (i) through (iv), immediately above, a Value of one (1.00).

(vi) There may be assigned to any portion of the Property which is not intended for use as a Parcel upon which Residences are to be constructed, a Value as may be determined by Declarant in a Supplement. The provisions of this subsection may not be amended without Declarant's prior written approval.

(vii) Subject to the provisions regarding Declarant's payment of Assessments, the Regular Assessment for each Parcel or Tract shall be the product arrived at by multiplying the total anticipated Regular Assessments reflected by the Budget, by a fraction, the numerator of which is the Value assigned to the Parcel or Tract, and the denominator of which shall be the total of all Values assigned to all Parcels or Tracts in existence as of the date the Budget was adopted. The total number of Parcels and Tracts will be adjusted from time to time in accordance with this Declaration. All questions regarding the number of Parcels and Tracts in existence shall be determined by the Master Association.

Notwithstanding any other provision to the contrary which may be contained herein, prior to Turnover, the Board of Directors shall not increase Regular Assessments by more

OR BK 03321 PG 2890

than fifteen (15%) percent over the Regular Assessments for the prior year without the approval of a majority of the Owners, excluding the Declarant.

9.05 Special Assessments. In addition to the Regular Assessments, the Board of Directors may levy, in any Assessment year, without the requirement of a Member vote, a Special Assessment. Notice in writing of the amount of any Special Assessment and the time for payment thereof shall be given promptly to the Owners. Special Assessments shall be payable by Owners in such manner and at such times as determined by the Board, and may be payable in installments extending beyond the Assessment year in which the Special Assessment is approved, if the Board so determines. However, in no event shall Declarant ever have any liability to pay any Special Assessment, and Parcels owned by Declarant shall never be assessed for the same.

Special Assessments may be levied by the Board in the following circumstances, among others:

(a) Upon all Parcels and the Parcel Owners thereof, upon Board action alone in cases of:

(i) operating shortfalls, but not during the period of time that Declarant has elected to pay the operating shortfall pursuant to Section 9.07 below;

(ii) insurance coverage shortfalls,

(iii) repairs and replacements not covered by reserves,

(iv) casualties not covered by insurance,

(v) necessary capital purchases not covered by capital funds, or

(vi) other emergencies.

(b) Upon all Parcels and the Owners thereof, upon Board action alone, for desired capital improvements or additions to the Common Areas or Neighborhood Common Areas.

(c) Upon one or a group of Owners, upon Board action alone, in such cases where:

(i) only one or a group of Owners will benefit from the expenditure, or

(ii) where the Special Assessment is to compensate the Master Association for costs incurred in self-help or correcting violations or as otherwise provided in the Governing Documents.

OR BK 03321 PG 2891

Special Assessments shall be paid in such installments or in a lump sum as the Board shall determine from time to time.

9.06 Individual Assessments. All monetary fines assessed against an Owner pursuant to the Master Association Documents, or any expense of the Master Association which is the obligation of an Owner or which is incurred by the Master Association on behalf of the Owner pursuant to the Governing Documents, or by reason of the act or neglect of an Owner, his family or agents, shall be an Individual Assessment and shall become a lien against such Parcel which may be foreclosed or otherwise collected as provided herein. Notice of the amount and due date of such Individual Assessments shall be sent to the Owner subject to such Assessment.

9.07 Declarant's Obligation for Assessments. Declarant shall be excused from payment of its share of the Regular Assessments on Parcels owned by Declarant, during any period of time prior to Turnover, that Declarant elects to pay the difference, if any, between the amount of Regular Assessments payable by Owners other than Declarant and the actual Master Association Expenses. If Declarant determines not to pay the difference between the amount of Regular Assessments payable by Owners other than Declarant and the actual Master Association Expenses, then Declarant shall pay Regular Assessments as any other Owner. Declarant's obligations hereunder may be satisfied in the form of a cash subsidy, or by "in kind" contributions of goods and/or services, or a combination of these. Master Association is specifically authorized to enter into subsidy contracts or contracts for "in kind" contribution of services or materials, or a combination of services and materials, at fair market value, with Declarant or other entities for the payment of some portion of Master Association Expenses and/or Neighborhood Expenses. The payment of any such subsidy or "in kind" contribution by Declarant shall under no circumstances obligate Declarant to continue payment of such subsidy in future years, or obligate Declarant to pay any particular sum of such subsidy. In no event shall Declarant have any responsibility or obligation to fund any portion of reserve contributions, and Declarant's Parcels shall never be assessed for the same.

9.08 Establishment of Lien. Any and all Assessments, together with interest at a rate not to exceed the lesser of (a) the highest rate allowed by applicable usury law, or (b) eighteen percent (18%) per annum, as computed from the date the delinquency first occurs, and such late charges and fines as may be established by the Board of Directors and costs and reasonable attorneys' fees incurred by the Master Association in enforcing its rights hereunder, shall be a charge on the Parcel, and shall be a continuing lien upon the Parcel, against which such Assessment is made. Each Assessment, together with interest, late charges, costs and reasonable attorneys' fees, shall also be the personal obligation of the Owner of such Parcel at the time the Assessment arose, and his heirs, successors and assigns.

Each claim of lien recorded against a Parcel shall secure both all unpaid sums due the Master Association as of the time of its recordation, and also such other Assessments and other sums as may thereafter be due the Master Association. Upon recording of a claim of lien on any Parcel, there shall exist a perfected lien for unpaid Assessments prior and superior to all other liens, except (1) all taxes, bonds, assessments and other levies which by law would be superior thereto, and (2) the lien or charge of any mortgage of record (meaning any recorded Mortgage with

OR BK 03321 PG 2692

first priority over other mortgages) made in good faith, for value, and prior to the date of recordation of the claim of lien, with an Institutional Mortgagee. Such lien, when delinquent, may be enforced by suit, judgment and foreclosure in the same manner as a mortgage. The Master Association, acting on behalf of its Members, shall have the power to bid for the Parcel, as applicable, at foreclosure sale and to acquire and hold, lease, mortgage and convey the same. During the period in which a Parcel is owned by the Master Association following foreclosure; (a) no right to vote shall be exercised on its behalf; (b) no Assessments shall be levied on it; and (c) each other Parcel shall be charged, in addition to its usual Assessment, its equal pro rata share of the Assessments that would have been charged such Parcel had it not been acquired by the Master Association as a result of foreclosure. Suit to recover a money judgment for unpaid Assessments and attorneys' fees shall be maintainable without foreclosing or waiving the lien securing the same.

Subject to Declarant's rights hereunder, all Assessments shall be payable in the amount specified and no offsets shall be permitted for any reason, including without limitation, a claim that the Master Association and/or any Neighborhood Association is not properly exercising its responsibilities and authorities as provided in this Declaration.

9.09 Reserve Budget. The Board of Directors may, but is not obligated, to annually prepare a reserve budget to take into account the number and nature of replaceable assets, owned, controlled or maintained by the Master Association, the expected life of each such asset, and the expected repair or replacement cost thereof. In no event shall Declarant have any obligation to pay any monies for reserves, and Declarant's Parcels shall never be assessed for the same.

9.10 Date of Commencement of Assessments. The obligation to pay the Assessments provided for herein shall commence as to each Parcel on the day the initial Owner acquires title to the Parcel from the Declarant, and continuing thereafter.

9.11 Statement of Status of Assessments. Upon ten (10) days' written notice to the Treasurer of the Master Association and payment of any processing fee set by the Master Association from time to time, any Owner or Institutional Mortgagee of a Parcel may request confirmation from the Master Association setting forth:

(a) The amount of any unpaid Assessments (whether Regular, Special, or Individual), interest, late charges, costs, expenses, and attorneys' fees then existing against a particular Parcel;

(b) The amount of the current periodic installments of the Regular Assessment and the date through which they are paid; and

(c) Any other information deemed proper by the Master Association.

The information contained in such statement, when signed by an officer of the Master Association, shall be conclusive upon the Master Association as to the person or persons to whom such statement is issued and who rely on it in good faith.

OR BK 03321 PG 2893

Prior to the issuance of such a statement, the Master Association may request the name of any proposed transferee of the Parcel and the scheduled closing date, so as to permit the records of the Master Association to accurately identify Members.

9.12 Exempt Property. Notwithstanding anything to the contrary herein, the following property shall be exempt from payment of Assessments:

(a) Common Areas;

(b) Neighborhood Common Area;

(c) The Club Property; and

(d) All property (if any) dedicated to and accepted by any governmental authority or public utility, including, without limitation, public schools, public streets and public parks, if any.

9.13 Assessments Collected by the Master Association. Each Neighborhood Association shall collect assessments and other monies owed to the Master Association by the Neighborhood's Owners. Each Neighborhood Association shall remit this amount to the Master Association within ten (10) days of the due date for the same, along with an accounting of the Owners who have made payments and the amounts thereof. In the event any amount owed the Master Association is not timely paid, the Master Association shall have the right to enforce its rights against the Owner(s) whose payment is not received, or against the Neighborhood Association, including but not limited to, the right to file a claim of lien and foreclose the same, as set forth above. No Neighborhood Association shall have the right of set-off or diminution or abatement with respect to assessments collected on behalf of the Master Association.

9.14 Working Capital Contribution. The Master Association may establish a working capital fund for the initial months of operation of the Master Association, which shall be paid to the Master Association by each purchaser at the time of the conveyance of a Lot or Unit by Declarant or a builder to such purchaser, in an amount equal to $250 per Lot or Unit. Each Owner's share of the working capital fund shall be collected and transferred to the Master Association at the time of the initial closing of each Lot or Unit. The purpose of this fund is to assure that the Master Association will have cash available to meet any legitimate Master Association expense, including the funding of the day-to-day operational expenses of the Master Association or the acquisition of additional equipment and/or services. Amounts paid into the working capital funds are not to be considered advance payment of Regular Assessments or as a reserve fund, and are not refundable or transferable. Declarant shall be entitled to reimbursement by the Master Association from such working capital contributions for utility deposits, insurance premiums and other sums advanced by Declarant on behalf of the Master Association.

9.15 Management Company. The Master Association shall have the right to retain a management company or companies or contractors to assist in the operation of the Property. The Master Association may contract with a subsidiary, affiliate, or other related entity of Declarant for

OR BK 03321 PG 2894

management or other services provided that the fees or other compensation payable to any related entity shall be comparable to those charged by an unrelated third party. At the discretion of the Board of Directors, the costs for management fees may be assessed as part of either the Master Association Expenses or a Neighborhood Expense, or both.

9.16 Non-Waiver. No Owner may waive or otherwise exempt itself from liability for the assessments provided for herein, including, by way of illustration and not limitation, by non-use of the Common Area, Neighborhood Common Area, or Club Property; or by abandonment of the Parcel. The obligation to pay Assessments is a separate and independent covenant on the part of each Owner. No diminution or abatement of Assessment or set-off shall be claimed or allowed by reason of any alleged failure of the Master Association or Board to take some action or perform some function required or to be taken or performed by the Master Association or Board under this Declaration or the By-Laws, or for inconvenience or discomfort arising from the making of repairs or improvements which are the responsibility of the Master Association, or from any action taken to comply with any law, ordinance, or with any order or directive of any municipal or other governmental authority.

9.17 Indemnification. Subsequent to Turnover, the Master Association covenants and agrees that it shall indemnify, defend and hold harmless Declarant, and any related corporations, including, but not limited to, parent corporations and their employees, from and against any and all claims, suits, actions, causes of action and/or damages arising from any personal injury, loss of life and/or damage to property sustained on or about Common Area, Neighborhood Common Area or any other property controlled by the Master Association, or resulting or arising out of the operation of the Master Association and improvements thereof and thereon, or resulting from or arising out of activities or operation of the Master Association, except for matters involving the gross negligence or willful misconduct of Declarant, its employees, agents or contractors. Such indemnification shall include, but not be limited to: (i) all costs, expenses, counsel fees (including, but not limited to, all investigative, trial and appellate levels and whether or not suit be instituted), expenses and liabilities incurred by Declarant arising from any such claim, the investigation thereof, or the defense of any action or proceedings brought thereon, and from and against any orders, judgments and/or decrees which may be entered thereon, and (ii) costs, expenses, and attorney's fees which the Declarant may compelled to incur in bringing suit for the purpose of compelling the specific enforcement of the provisions, conditions, covenants and restrictions contained in this Declaration to be kept and performed by the Master Association and/or the Owners, including the payment of Master Association Expenses or Neighborhood Expenses. The costs and expense of fulfilling this covenant of indemnification shall be a Master Association Expense or Neighborhood Expense, as the case may be, as determined by the Board, to the extent such matters are not covered by the Master Association's insurance, provided that the amount of any Assessment arising therefrom shall be in addition to, and not part of, the Regular Assessment prior to Turnover.

OR BK 03321 PG 2895

ARTICLE X
USE RESTRICTIONS

All Parcels shall be used only for residential purposes as permitted by applicable law, and in accordance with the Governing Documents. The Master Association may add to, delete or modify these use restrictions pursuant to an amendment to this Declaration, or any rules and regulations. The following use restrictions shall be applicable to all Parcels, unless any supplemental Declaration otherwise provides:

10.01 Partition. No part of a Parcel, Common Area, or Neighborhood Common Area may be partitioned or separated from any other part thereof except as provided herein. Whether partitioned, combined, or unchanged, each Parcel shall be conveyed, transferred, gifted, devised, bequeathed, encumbered, or otherwise disposed of, as the case may be, with all appurtenant rights, obligations and interests created by law or by this Declaration, including the Owner's membership in the Master Association, and the liability for all Assessments. No Parcel may be subdivided into two (2) or more Parcels and no Parcel may be combined with one (1) or more additional Parcel to form one (1) or more Parcels without the written consent of the Board of Directors and after full compliance with all zoning and subdivision regulations.

10.02 Compliance With Insurance Requirements. It shall be the responsibility of the individual Owners, and at their expense, to make arrangements in regard to hazard insurance on their own improvements, personal property and furnishings, and for public liability insurance covering their Parcel. In addition, each Owner may obtain such other and additional insurance coverage on and in relation to his Parcel as such Owner concludes to be desirable.

10.03 Abandoned, Inoperable, Commercial, Oversized and Other Vehicles. Abandoned or inoperable automobiles or oversized vehicles of any kind shall not be stored or parked on any portion of the Property. "Abandoned or inoperable vehicle" shall be defined as any vehicle which has not been driven under its own propulsion for a period of three (3) weeks or longer; provided, however, this shall not include vehicles parked in an enclosed garage or operable vehicles left on the Parcel by Owners while on vacation. A written notice describing the "abandoned or inoperable vehicle" and requesting removal thereof may be personally served upon the Owner or posted on the unused vehicle; and if such vehicle has not been removed within seventy-two (72) hours thereafter, the Master Association shall have the right to remove the same without liability to it, and the expense thereof shall be charged against the Owner. "Oversized" vehicles, for purposes of this Section, shall be vehicles which are too high to clear the entrance to a residential garage.

No commercial vehicles, or campers, mobile homes, motorhomes, house trailers or trailers of every other description, recreational vehicles, boats, boat trailers, house trailers, golf carts, vans (other than minivans) or pick-up trucks (other than sports utility vehicles) shall be permitted to be parked or to be stored on any portion of the Property, except within enclosed garages or areas, if any, designated by the Master Association for that purpose. For the purpose of this Section, "commercial vehicles" shall mean those which are not designed and used for customary personal/family purposes. The absence of commercial-type lettering or graphics on a vehicle shall

OR BK 03321 PG 2896

not be dispositive as to whether it is a commercial vehicle. The prohibitions on parking contained above in this Section shall not apply to temporary parking of commercial vehicles such as for construction use or providing pick-up and delivery and other commercial services. No parking on lawns shall be permitted.

No vehicle shall be parked anywhere but on paved areas intended for that purpose, garages, or as approved by Master Association for construction purposes. Owners shall park their vehicles overnight in their garages. No more than two automobiles or minivans may be parked in a driveway overnight without the written consent of the Master Association.

Subject to applicable laws and ordinances, any vehicle parked in violation of these or other restrictions contained herein or in the rules and regulations may be towed by the Master Association at the sole expense of the owner of such vehicle if such vehicle remains in violation for a period of twenty-four (24) hours from the time a notice of violation is placed on the vehicle. The Master Association shall not be liable to the owner of such vehicle for trespass, conversion or otherwise, nor guilty of any criminal act, by reason of such towing and once the notice is posted, neither its removal, nor failure of the owner to receive it for any other reason, shall be grounds for relief of any kind.

All garage doors shall be kept closed at all times except when needed to be left open for ingress and egress to the garage.

10.04 Trash. Each Owner shall provide suitable receptacles for the temporary storage and collection of refuse and all such receptacles shall be screened from the public view and from the wind and protected from animal and other disturbances.

10.05 Construction Regulations. All Owners and their contractors shall comply with the construction regulations of the Master Association Construction Standards, if any, and with any construction regulations adopted, from time to time, by Declarant, the ARB or the Board. Such regulations may affect, without limitation, the following: trash and debris removal; sanitary facilities; parking areas; permissible times of access and construction; outside storage; restoration of damaged property; conduct and behavior of builders, subcontractors, Owners and their representatives within the Property at any time; the conservation of landscape materials; and fire protection.

10.06 Compliance with Laws. Subject to the rights of reasonable contest, each Owner shall promptly comply with the provisions of all applicable laws, regulations, ordinances, and other governmental or quasi-governmental regulations.

10.07 Annoying Lights, Sounds, or Odors. No light, sound or odor shall be emitted from any Parcel which is obnoxious or unreasonably offensive to others. Without limiting the generality of the foregoing, no exterior speakers, horns, whistles, bells or other sound devices or lights, other than devices used exclusively for security, fire prevention or fire control purposes, shall be permitted.

OR BK 03321 PG 2897

10.08 Pools. No above-ground pools shall be erected, constructed or installed on any Parcel.

10.09 Fences.

(a) No dog runs, animal pen or fences of any kind will be permitted on any Parcel, except as approved by the Architectural Review Board.

(b) Where walls and fences are approved, the same shall not unreasonably block lake, golf course, or natural preserve views of adjacent Parcels. The decision regarding what is an unreasonable obstruction of such a view shall be made by the Architectural Review Board, in its sole discretion. If a wall or fence is approved, it shall be located in a manner to limit the area enclosed to that necessary to afford privacy or for landscaping accents or for Neighborhood signage. No wall or fence shall be constructed with a height of more than six (6) feet above the existing ground level of adjoining property unless specifically approved. No wall or fence shall be constructed on a property line or within any utility easement unless specifically approved by the Architectural Review Board. Any Parcel on which a wall or fence has been constructed shall have and maintain a landscape buffer between the wall or fence and the adjacent property line.

(c) A wall, fence or enclosure shall only be constructed of materials and with a design and color as approved by the Architectural Review Board. No chain link or other metal or sheet fencing shall be allowed unless specifically approved for good cause and with adequate landscape screening.

10.10 Playground and Basketball Equipment. No jungle gyms, swing sets, or other playground equipment including, but not limited to, basketball hoops and backboards shall be permitted on any Parcel, without the express written consent of the Architectural Review Board.

10.11 Lake/Canal/Drainage Area Use.

(a) No boats may be used upon the water bodies adjacent to or within the Property except by authorized personnel for proper maintenance and related purposes. Use of any water bodies may be subject to rules and regulations promulgated by the Board. Swimming or wading is not allowed. Feeding alligators is prohibited.

(b) The Board may adopt regulations prohibiting or restricting activities in reasonably close proximity to any bodies of water which may, in the Board's judgment, pose a threat of pollution. Among other activities, the Board may so regulate landscape fertilizing, pest control, the washing of vehicles, and other activities which may result in the contamination of and the flow of sediments into the bodies of water.

(c) Lake, canal or drainage area water is not to be used for landscape irrigation, household uses, or other uses or purposes except as authorized by Declarant, but subject to regulation by applicable governmental authorities.

OR BK 03321 PG 2898

(d) No structure of any kind shall be constructed or erected, nor shall any Owner in any way change, alter, impede, revise or otherwise interfere with the flow and the volume of water, in any portion of any water body reserved for, or intended by Declarant to be reserved for, drainage ways, sluiceways or for the accumulation of runoff waters, as reflected in any plat, this Declaration, any Supplement or other instrument of record, without the specific written permission of Declarant.

(e) No Owner shall in any way deny or prevent ingress and egress to such water bodies for maintenance or landscape purposes by Declarant, the Master Association or any appropriate governmental agency that may reasonably require any right of ingress and egress, and easements therefore are hereby specifically reserved and created, as described in this Declaration.

(f) No Parcel shall be increased in size by filling in any water or retention or drainage areas on which it abuts without Declarant's express written approval. No Owner shall fill, dike, rip-rap, block, divert or change the established water or retention or drainage areas that have been or may be created by easement or by plat without the prior written consent of Declarant, which consent may be withheld in Declarant's sole discretion.

10.12 Nuisance. No obnoxious or offensive activity or nuisance shall be carried on or be permitted to exist within Grande Oak nor shall anything be done or permitted which is or may become offensive or detrimental or cause a disturbance or annoyance to any other Parcel or its occupants.

10.13 Leasing. The Owner of a Parcel shall have the right to lease such Parcel subject to the terms hereof, and subject to the following conditions and the terms of any Neighborhood Association's rules and regulations:

(a) All leases shall be in writing;

(b) No lease shall be for less than thirty (30) days in duration;

(c) The lease shall be specifically subject to the Governing Documents and any failure of the tenant to comply with the Governing Documents shall be a default under the lease; and

(d) The Owner shall be liable for all losses and any violation of the Governing Documents committed by such Owner's tenant, without prejudice to such Owner's right to collect any sums paid from the tenant.

10.14 Hazardous Materials. Each Owner shall comply with all federal, state and local statutes, regulations, ordinances, or other rules intended to protect the public health and welfare as related to land, water, groundwater, air or other aspects of the natural environment (the "Environmental Laws"). Environmental Laws shall include, but are not limited to, those laws regulating the use, generation, storage or disposal of hazardous substances, wastes and materials (collectively, the "Hazardous Materials"). No Owner or his tenants, guests, invitees, licensees or

OR BK 03221 PG 2696

permittees shall knowingly use, generate, manufacture, store, release, dispose of or knowingly permit to exist in, on, under or about his or her Parcel any Hazardous Materials except in compliance with the Environmental Laws.

10.15 Signs. No sign or advertisement of any kind, including, without limitation, those of realtors, contractors and subcontractors, shall be erected on any Parcel unless the same complies with the standards and guidelines established pursuant to the Master Declaration and has been approved by the Master Association, except as may be required by legal proceedings. The Master Association reserves the right to restrict the size, color, lettering, height, material and location of signs. The Master Association shall have the right to remove signs which fail to comply with Construction Standards set by the Master Association and upon prior approval of the Master Association may set more stringent sign requirements for the Parcels. Nothing herein shall prohibit Declarant from installing any signs for purposes of developing, selling or leasing all or any portion of the Property.

10.16 Wells, Laundry Lines. Private wells are strictly prohibited. No laundry lines or poles shall be permitted except for those which are retractable, and which shall remain retracted except when in use. Permitted exterior laundry lines and poles, shall be located only as permitted by the Architectural Review Board, and screened by landscaping or other features so as to not be readily seen by others.

10.17 Antennas and Electronic Devices. Except as may be specifically permitted by law in effect as of the date of recording of this Declaration (and in such event, only to the extent permitted by such law), and so long as the same does not imperil the safety of Owners (as determined by the Board), no outside antennas, antenna poles, antenna masts, electronic devices, satellite dishes or antenna towers shall be permitted. If such device is permitted by such law(s), adequate screening of same from off-site view shall be required, and the plans, location, and method of screening shall be submitted for approval prior to installation. Placement of the aforesaid items within any screened enclosure on the Parcel shall be permitted so long as there is appropriate landscaping and/or other screening. The decision of what constitutes adequate landscaping and/or screening shall be made by the Architectural Review Board, whose decision shall be final.

10.18 Pets and Animals. Commonly accepted household pets such as dogs, cats or birds may be kept on any Parcel. All dogs shall be leashed while outdoors. Pets shall not be permitted to roam freely. Any Owner whose pet defecates on any Common Areas or any Parcel shall immediately clean up the pet's solid waste. Pets may not be left unattended or leashed on porches, lanais, patios, on Common Areas or Neighborhood Common Areas, outside, or in garages. In the event that any pet shall, in the opinion of the Board of Directors, constitute a nuisance, the Owner shall remove said pet from the premises within two (2) days of the Board of Directors' notifying the Owner. Failure of an Owner to do so shall entitle the Master Association to obtain an order from a court of competent jurisdiction enforcing the decision of the Board of Directors. All costs incurred by the Master Association incident to all such actions, including reasonable attorneys fees, shall be recoverable against the offending Owner as an Individual Assessment or otherwise. Failure to abide by the restrictions may result in a fine being levied by the Master Association. No

OR BK 03321 PG 2900

horses, cows, hogs, pigs, swine, goats, chickens, pigeons or any other such animal, fowl or reptile shall be kept on any of the Property.

10.19 Factory-Built or Existing Structures. No structure of any kind commonly known as "factory-built", "modular", or "mobile home" type construction shall be erected without the prior written permission of Declarant.

10.20 Landscaping; Sprinkler Systems. All areas not covered by structures, walkways or paved parking facilities shall be maintained as lawn or landscaped areas to the pavement edge of any abutting streets and to the waterline of any abutting lakes, canals or water management areas. No stone, gravel, or paving of any type shall be used as a substitute for grass in a lawn. Certain areas as determined by the Declarant may remain in a natural or unimproved state. All lawns and landscaping shall be completed at the time of completion of the structure as evidenced by the issuance of a Certificate of Occupancy by the appropriate governmental agency, and shall thereafter be kept in good condition by the Neighborhood Association, if any, in which the Parcel is located regardless of how title to the landscaped area is held. In the event that a Neighborhood Association does not properly maintain any landscaped area, the Master Association may undertake such maintenance and charge the cost thereof to the responsible Neighborhood Association and/or Owner. Sprinkler systems located on Neighborhood Common Areas shall be the responsibility of the Neighborhood Association.

10.21 Sidewalks. Declarant may construct sidewalks in Grande Oak. Driveway cuts may be made in sidewalks or curbs, provided that the cuts and the construction of the driveways must be done in accordance with plans and specifications approved by Declarant. The Owner of a Parcel shall be liable to the Master Association for all damage done to sidewalks and/or Common Areas and roads by construction of a residence on the Owner's Parcel. The Owner of such Parcel shall repair to the satisfaction of the Master Association any such damage, and if the Owner fails to make such repairs, then the Master Association may make such repairs at the expense of the Owner. Such expense until paid shall constitute a Individual Assessment against the Owner and the Owner's Parcel.

10.22 Outdoor Equipment. All garbage and trash containers, oil tanks, bottled gas tanks, swimming pool equipment and housing and sprinkler pumps and other such outdoor equipment must be underground or placed in areas so that they shall not be readily visible from adjacent streets, or adequate landscaping used as screening shall be installed around these facilities and maintained by the Owner or Neighborhood Association.

OR BK 03321 PG 2901

Common Area, and no hedge or shrubbery abutting the Parcel or Common Area lines shall be permitted without the prior written approval of the Architectural Review Board. No wall, fence, or hedge shall be constructed on any Parcel or Common Area unless its height, length, type, design, composition, material and location shall have first been approved in writing by the Architectural Review Board. The height of any wall or fence shall be measured from the property elevations of adjoining developed property. Any dispute as to height, length, type, design, composition or material shall be resolved by the Architectural Review Board, whose decision shall be final. Approval shall not be given for the construction of any wall, fence or hedge which unreasonably obstructs the water view or golf course view of any residence.

10.26 Maintenance of Premises. No weeds, underbrush, high grass (except for ornamental grass of a variety approved by the Architectural Review Board) or other unsightly vegetation shall be permitted to grow or remain upon any Parcel and no refuse or unsightly objects shall be allowed to be placed or suffered to remain upon any Parcel. If for any reason an Owner or Neighborhood Association permits such weeds, high grass, underbrush or other unsightly growths and fails to correct same after five (5) days notice by the Master Association, then the Master Association shall have the right to enter upon the premises and make such corrections and shall charge the Owner and/or Neighborhood Association for the cost of the corrections. Said charge, until paid, shall be a lien against the offending Parcel and/or Neighborhood Association. All lawns, landscaping and sprinkler systems and all structures, improvements and appurtenances shall at all times be kept in good, safe, clean, neat and attractive condition, and all structures shall be maintained in a finished, painted and attractive condition.

10.27 Outside Lighting. Except as may be initially installed or approved by Declarant, no spotlights, floodlights, or similar type high intensity lighting shall be placed or utilized upon any Parcel which in any way will allow light to be reflected on any other Parcel or the improvements thereon without the written authorization of the Declarant. Other types of low intensity lighting which do not unreasonably disturb the Owners or other occupants of the Property may be allowed.

10.28 Correction of Health and Safety Hazards. Any conditions which are deemed by the Master Association to be a hazard to the public health or safety may be corrected immediately as an emergency matter by the Master Association (although under no duty to do so), and the cost thereof shall be charged to the responsible Owner or Neighborhood Association.

10.29 Declarant's Exculpation. Declarant may grant, withhold or deny its permission or approval in any instance where its permission or approval is permitted or required without any liability of any nature or kind to Owner or a Neighborhood Association or any other person for any reason whatsoever, and any permission or approval granted shall be binding upon all persons.

10.30 Business Use. No trade or business may be conducted in or from any Parcel, except that an Owner or occupant residing in a residence may conduct business activities within the residence so long as: (iii) the existence or operation of the business activity is not apparent or detectable by sight, sound or smell from outside the residence; (iv) the business activity conforms to all zoning requirements for the Property and all applicable county ordinances; (v) the business activity does not involve persons coming onto the Property who do not reside in the Property or

OR BK 03321 PG 2902

The terms "business" and "trade," as used in this provision, shall be construed to have their ordinary, generally accepted meanings, and shall include, without limitation, any occupation, work or activity undertaken on an ongoing basis which involves the provision of goods or services to persons other than the provider's family and for which the provider receives a fee, compensation, or other form of consideration, regardless of whether: (i) such activity is engaged in full or part-time; (ii) such activity is intended to or does not generate a profit; or (iii) a license is required therefor. Notwithstanding the above, the leasing of a Parcel shall not be considered a trade or business within the meaning of this section. This section shall not apply to any activity conducted by Declarant or a builder or developer approved by Declarant with respect to its development and sale of the Property or its use of any Parcels which Declarant or a builder or developer owns within the Property, or to property designated by Declarant as a sales or other office. As to the latter area, Declarant or any purchaser of such property shall have the right, subject to applicable governmental ordinances, to use same for office/professional business uses.

10.31 On-Site Fuel Storage. No on-site storage of gasoline, heating or other fuels shall be permitted on any part of the Property except that on-site underground storage of heating fuel, stored in a tank which is designated for the type of pool constructed on a Parcel and which meets applicable governmental requirements for swimming pool heaters shall be permitted. Up to five (5) gallons of fuel may be stored on each Parcel for emergency purposes and operating of lawn mowers, barbecue gas grills and similar tools or equipment; provided, however, all such tanks must meet applicable governmental requirements and must be approved as to location and screening from off-site view by the Architectural Review Board. The foregoing provisions shall not apply to any portion of the Property owned by Declarant or the Master Association.

10.32 Golf Carts. Golf carts may be operated on Streets, subject to regulation and restriction by the Master Association. Golf carts used in conjunction with golf course play and operations may only be operated on the golf course and designated golf cart paths. Declarant and/or Master Association may assess a trail fee or use fee as a condition precedent to any person utilizing a golf cart on the golf course contemplated herein, or elsewhere within the Property.

10.33 Outdoor Recreational Courts. With the exception of those courts operated by the Club Owner or the Master Association, or located upon Club Property, no outdoor recreational courts, including but not limited to tennis, basketball, volleyball and badminton, shall be erected without specific approval of the Architectural Review Board, which may be conditioned upon adequate screening and buffering of such courts in order to minimize nuisances to adjacent Parcels, as well as a limitation of play to specific time periods during daylight hours. Nighttime illumination of any approved recreational court is prohibited, with the exception of those operated by the Declarant, Master Association, or the Club Owner.

OR BK 03321 PG 2903

10.34 Golf Nuisance. No person shall, during a golf and/or tennis tournament on any Club Property, engage in any activity whatsoever which shall interfere with the players' performance during the tournament. Further, no obnoxious, unpleasant, unsightly or offensive activity shall be carried on which shall interfere with the play of such tournament. Declarant shall have, in its sole discretion, the absolute right to temporarily suspend as a distraction any and all construction activity on the Property during tournaments. Declarant shall have no liability for any additional construction costs incurred by Owners or their contractors during such temporary suspension of construction.

10.35 Insurance Rates. Nothing shall be done or kept in any Parcel, the Common Area or Neighborhood Common Area which will increase the rate of insurance on any property insured by the Master Association without the approval of the Board, nor shall anything be done or kept in any Parcel or on the Common Area or Neighborhood Common Area which would result in the cancellation of insurance on any property insured by the Master Association or which would be in violation of any law.

10.36 No Implied Waiver. The failure of Declarant or the Master Association to object to an Owner's or other person's, including without limitation, a Neighborhood Association's, failure to comply with the covenants or restrictions contained herein, in the By-Laws, or in any rules now or hereafter promulgated shall in no event be deemed a waiver of the provisions of such documents.

10.37 Rules. The Master Association, through the Board, shall have the right to promulgate and impose rules and thereafter to modify, alter, amend, rescind and augment any of the same with respect to the use, operation and enjoyment of all or a portion of the Property, and any improvements located on the Property (including, but not limited to, establishing reasonable fees for the use of facilities and establishing hours and manner of operation for Common Area).

10.38 Conservation Areas. No plant or animal life shall be removed from the Conservation Areas. The Conservation Areas are hereby dedicated as Common Areas, they shall be the perpetual responsibility of the Master Association and may, in no way, be altered from their natural state. Activities prohibited within the Conservation Areas include, but are not limited to, construction or placing of buildings above ground; dumping or placing of soil or other substances such as trash; removal or destruction of trees, shrubs or other vegetation -- with the exception of exotic\nuisance vegetation removal; any other activities detrimental to drainage, flood control, water conservation, erosion control, or fish and wildlife habitat, conservation or preservation.

10.39 Window Coverings. Window tinting as a method of energy conservation is permitted provided that the type and method of tinting is first approved by the Architectural Review Board. Reflective or foil window coverings are prohibited. No awnings, canopies or shutters shall be permanently installed on the exterior of any building unless first approved by the Architectural Review Board.

shall not, in the determination of the Master Association, be excessive or create a nuisance.

ARTICLE XI
ARCHITECTURAL REVIEW BOARD

11.01 Membership. There is hereby established an Architectural Review Board which shall be responsible for the administration of the Master Association Construction Standards. The ARB shall be composed of such number of persons as the Board directs, who need not be Members, and may constitute no less than two (2) persons. All of the members of the ARB shall be appointed, removed, and replaced by the Board of Directors.

11.02 Purpose. The ARB shall review, study and either approved or reject proposed alterations to improvements to the Parcels, all in compliance with this Declaration and as further set forth in any rules and regulations and the Master Association Construction Standards as shall be adopted and established and may be amended from time to time by the Board of Directors. Notwithstanding any provision herein, the ARB shall have no power or authority to review improvements initially constructed on Parcels, or improvements made to existing Parcels, by the Declarant. The ARB shall exercise its best judgment to see that all improvements conform and harmonize with any existing buildings as to external design, quality and type of constructions, materials, color, plot plan, height, grade and finished ground elevation, and all aesthetic considerations and landscaping approvals herein set forth. The actions of the ARB in the exercise of its discretion by its approval or disapproval of plans and other information submitted to it, or with respect to any other matter before it, shall be conclusive and binding on all interested parties.

11.03 Organization and Operation of ARB.

(a) The term of office of each member of the ARB, subject to Paragraph 11.01, shall be one (1) year, commencing January 1 of each year, and continuing until his successor shall have been appointed. Should a ARB member die, retire, become incapacitated, or in the event of a temporary absence of a member, a successor may be appointed by the Board of Directors.

(b) The chairman shall be appointed by the Board of Directors.

(c) The chairman shall take charge of and conduct all meetings and shall provide for reasonable notice to each member of the ARB prior to any meeting.

(d) The affirmative vote of a majority of the members of the ARB present at a meeting at which a quorum is present shall govern its actions and may be the act of the ARB. A quorum shall consist of a majority of the members.

(e) The ARB may avail itself of technical and professional advice and consultants as it deems appropriate.

OR BK 03321 PG 2965

11.04 Expenses. Except as hereinafter provided, all expenses of the ARB shall be paid by the Master Association. The ARB shall have the right to charge a reasonable filing fee for each application submitted to it for review, in an amount established by the ARB from time to time, which amount is designed to cover the costs of the ARB. The filing fees shall be collected by the ARB and remitted to the Master Association to help defray the expenses of the ARB's operation.

11.05 Construction Standards. The Architectural Review Board shall prepare and, on behalf of the Board of Directors, promulgate design and development guidelines, performance standards, and application and review procedures. Copies shall be available from the Architectural Review Board for review. The guidelines and procedures shall be as promulgated by the Master Association, and the Architectural Review Board shall have sole and full authority to prepare and to amend them. The Architectural Review Board shall make the guidelines and procedures available to Owners and builders who seek to engage in development of or construction upon all or any portion of the Property. If the Architectural Review Board fails to approve or disapprove plans submitted to it, or to request additional information reasonably required, within forty-five (45) days after submission thereof, the plans shall be deemed approved. If the Architectural Review Board disapproves any plans submitted to it, the Owner, builder or developer whose plans have been disapproved shall have the right to appeal the decision by written notice to the Board within fifteen (15) days after the Architectural Review Board issues its disapproval. The Architectural Review Board shall establish, subject to the Board's approval, a procedure for such appeals. The Board's decision on any appeal shall be final.

The Architectural Review Board shall also promulgate detailed standards and procedures governing modifications, additions or alterations made on or to existing structures located on the Property. Plans and specifications showing the nature, kind, shape, color, size, materials, and location of such modifications, additions, or alterations, shall be submitted to the Architectural Review Board for approval as to quality workmanship and design and as to harmony of external design with existing structures, location in relation to surrounding structures, topography, and finished grade elevation. Nothing contained herein shall be construed to limit the right of an Owner to remodel the interior of his residence, or to paint the interior of his residence any color desired; provided, modifications or alterations to the interior of screen porches, patios and similar portions of a residence visible from outside the residence shall be subject to approval hereunder.

11.06 Right to Inspect. Any member of the Architectural Review Board or their representative shall have the right, during reasonable hours and after reasonable notice, to enter upon any of the Property under construction to inspect for the purposes of ascertaining whether construction is proceeding or was accomplished in accordance with the Declaration and the approved plans of the improvements. Such person or persons shall not be deemed guilty of trespass by reason of such entry. Members of the ARB and their representatives shall comply with applicable safety rules for each job site and shall not be authorized to interfere with ongoing construction activities or to enter upon any job site unless accompanied by a construction superintendent or foreman.

11.07 Variances. The ARB may authorize variances from compliance with any of the Construction Standards and their procedures when circumstances such as topography, natural

OR BK 03321 PG 2906

obstructions, hardship, or aesthetic or environmental considerations require. Such variances may only be granted, however, when unique circumstances dictate and no variance shall (a) be effective unless in writing, (b) be contrary to the restrictions set forth in the body of this Declaration, or (c) stop the ARB from denying a variance in other circumstances. For purposes of this Section, the inability to obtain approval of any governmental agency, the denial of any permit, or disapproval of the terms of any financing shall not necessarily be considered a hardship warranting a variance.

11.08 Limitation of Liability. The ARB shall use reasonable judgment in approving or disapproving all plans and specifications submitted to it. Neither the ARB, nor any individual member thereof, shall be liable to any person for any official act of the ARB in connection with submitted plans and specifications, except to the extent the ARB or any individual member thereof acted with malice or wrongful intent. Approval by the ARB does not necessarily assure approval by the appropriate governmental board or commission. Notwithstanding that the ARB has approved plans and specifications, neither the ARB nor any of its members shall be responsible or liable in any way to any Owner, nor contractor with respect to any loss, liability, claim, or expense which may arise by reason of such approval or failure to approve. Neither the Board, the Architectural Review Board or any agent thereof, shall be responsible in any way for any defects in any plans or specifications submitted, revised or approved in accordance with the provisions of the Master Association Documents, nor for any structural or other defects in any work done according to such plans and specifications. In all events the ARB shall be defended and indemnified by the Master Association in any such suit or proceeding.

11.09 Approval Required. No construction, which term shall include within its definition, but not be limited to, staking, clearing, excavation, grading, and other site work; no exterior alteration or modification of existing improvements; and no plantings or removal of plants, trees, or shrubs shall take place anywhere on the Property until the approval of the Architectural Review Board for the same has been obtained. The Board of Directors may establish reasonable fees to be charged by the Architectural Review Board on behalf on the Master Association for review of applications hereunder and may require such fees to be paid in full prior to review of any application. All residential structures constructed on any portion of the Property shall be designed by and built in accordance with the plans and specifications of a licensed architect and/or certified residential designer. Notwithstanding the foregoing, the ARB shall not have any jurisdiction to review and approve any plans or construction that Declarant has previously been approved.

11.10 Removal of Non-Conforming Improvements. The Master Association, upon request of the ARB and after reasonable notice to the offender and to the Owner, may remove any improvements constructed, reconstructed, refinished, altered, or maintained in violation of these covenants, and the Owner thereof shall forthwith reimburse the Master Association for all expenses incurred in connection therewith.

11.11 Compliance. Any contractor, subcontractor, agent, employee or other invitee of any Owner who fails to comply with the terms and provisions of the Master Association Construction Standards and their procedures promulgated by the Architectural Review Board may be excluded by the Board from the Parcel without liability to any person, subject to the notice and hearing procedures contained in the By-Laws.

OR BK 03321 PG 2907

11.12 Exception. This Article shall not apply to any of the activities of Declarant, or to improvements or modifications to the Common Area or Neighborhood Common Area by or on behalf of the Master Association.

OR BK 03321 PG 2908

ARTICLE XII
WATER MANAGEMENT SYSTEM AREA RESTRICTIONS AND EASEMENTS

12.01 Improvements. No improvements, planting or other material (other than landscape material) of any kind shall be constructed, erected or installed, unless constructed, erected or installed by Declarant, nor shall an Owner in any way change, alter, impede, revise or otherwise interfere with the flow and the volume of water, in any portion of a Water Management System reserved for, or intended by Declarant to be reserved for, drainage ways, sluice-ways or for the accumulation of run-off waters, as reflected in any plat or instrument of record, without the specific written permission of the Declarant, while a Class B Member, and thereafter by the Master Association.

12.02 Ingress and Egress. An Owner shall in no way deny or prevent ingress and egress by Declarant or Master Association to any portion of the Water Management System for maintenance or landscape purposes. The right of ingress and egress, and easements therefor, are hereby granted in favor of the Declarant, the Master Association, and all appropriate governmental or quasi-governmental agencies that may reasonably require such ingress and egress, and easements therefor, are hereby specifically reserved and created; provided, however, that any person entering upon any Lot pursuant to this authorization shall be responsible for any damage to any improvements thereon.

12.03 Modification. No Parcel shall be increased in size by the filling in of any water retention or Water Management System on which it abuts. Owners shall not fill, dike, rip-rap, block, divert or change the established water retention and Water Management Systems that have been or may be created by easement. No Owner may draw water for irrigation or other purposes from any lake, pond, canal or other Water Management System, nor is any swimming in such areas allowed.

12.04 Prohibitions. Conservation Areas and conservation buffer zones may not be altered from their natural state other than to remove exotic vegetation, or to install and maintain Common Areas facilities, or to provide the utilities and drainage as shown on any plat and approved construction plans. Each Owner of a Parcel containing a conservation buffer zone shall retain use of the conservation buffer zone, but the Owner may in no way alter such area from its natural state as noted above. Activities prohibited within the Conservation Areas and conservation buffer zones include, but are not limited to, construction or placing of buildings on or above the ground; dumping or placing soils or other substances such as trash; removal or destruction of trees, shrubs or other vegetation, with the exception of exotic vegetation removal; dredging or removal of soil material; diking or fencing; and any other activities detrimental to drainage, flood control, water conservation, erosion control or fish and wildlife habitat conservation or preservation. Each Owner or other beneficiary of any Conservation Areas, conservation buffer zones, or Common Areas, shall have the right to institute litigation to ensure that said properties and easements therefor are properly and continually maintained.

OR BK 03321 PG 2909

12.05 Responsibility. All Water Management Systems within the Property will be the ultimate responsibility of the Master Association. The Master Association may enter any Parcels or Common Areas and make whatever improvements or repairs are deemed necessary to restore proper water management in accordance with the requirements of the South Florida Water Management District. The cost shall be an expense of the Master Association. In addition thereto, any Owner or other beneficiary of the Water Management System shall have the right to institute litigation against the Master Association to ensure that the Water Management System, and easements therefor, are properly and continuously maintained.

Notwithstanding the foregoing, the Master Association shall have the power and authority to convey title to, and maintenance responsibilities for, all or such portion of the Water Management Systems as Master Association elects; provided, however, said conveyance may only be made to a governmental agency, which may assume responsibility for the proper maintenance and care of the Water Management System.

12.06 Construction. Nothing in this Section shall be construed to allow construction of any new water management facility or alteration of Water Management Systems without first obtaining the necessary permits from all governmental regulatory agencies having jurisdiction.

12.07 Golf Club. Portions of the Water Management System may be located adjacent to or within the boundaries of the Golf Club. Such areas of the Water Management System are hereby burdened with a permanent license for reasonable use in connection with the operation of the Golf Club, including, without limitation, recreational use and enjoyment of the Golf Club and, subject to any applicable permits, withdrawal of irrigation water from the Water Management System and social activities, drainage of the Golf Club into the Water Management System, location of pump houses and other irrigation equipment and subject to consumptive use permit limitations and requirements to withdraw surface water for irrigation of the Golf Club.

The Master Association shall, without payment by the Club Owner, cooperate with the Club Owner in obtaining and renewing permits for use of the Water Management System for irrigation water withdrawal and other uses proper and reasonable to the operation of the Club Property. The Club Owner shall have the sole right to remove golf balls from the Water Management System not removed by golfers during play.

12.08 Other Properties. Declarant does hereby reserve the right to grant non-exclusive drainage easements benefiting lands not included within the Property, and to allow said benefited lands to utilize the Water Management System, upon such terms and conditions (if any) that Declarant deems appropriate, without regard as to whether said benefited lands ever comprise a portion of Grande Oak.

OR BK 03321 PG 2910

ARTICLE XIII
GENERAL PROVISIONS

13.01 Term. The covenants and restrictions of this Declaration shall run with and bind the property subjected to this Declaration, and shall inure to the benefit of and shall be enforceable by Declarant, the Master Association, or the Owner of any portion of the Property subjected to this Declaration, their respective legal representatives, heirs, successors, and assigns, for a term of thirty (30) years from the date this Declaration is recorded, after which time they shall be automatically extended for successive periods of ten (10) years, unless an instrument in writing, signed by the majority of the then current Owners, has been recorded within the year preceding the beginning of each successive period of ten (10) years, agreeing to change said covenants and restrictions, in whole or in part, or to terminate the same, in which case this Declaration shall be modified or terminated as specified therein.

13.02 Amendment. Until Turnover, Declarant may unilaterally amend this Declaration without the consent of the Master Association or any third party. Following Turnover, this Declaration may be amended only by the affirmative vote or written consent, or any combination thereof, of Members representing sixty-seven percent (67%) of the total votes in the Master Association; provided, however, that no amendment shall be made to this Declaration without the consent and joinder of the Declarant so long as the Declarant owns any Parcel or other portion of the Property; provided, further, that the percentage of votes necessary to amend a specific clause shall not be less than the prescribed percentage of affirmative votes required for action to be taken under that clause. No amendment affecting the Water Management System shall be of any force and effect unless the South Florida Water Management District consents to the same. Any amendment to be effective must be recorded in the public records of Lee County, Florida.

If an Owner consents to any amendment to this Declaration or the By-Laws, it will be conclusively presumed that such Owner has the authority so to consent and no contrary provision in any mortgage or contract between the Owner and a third party will affect the validity of such amendment. No amendment may remove, revoke, or modify any right or privilege of Declarant without the written consent of Declarant or the assignee of such right or privilege.

Notwithstanding anything to the contrary herein contained, no amendment to this Declaration shall be effective which shall impair or prejudice the rights or priorities of the Declarant under this Declaration or any other of the Governing Documents, without specific written approval from the Declarant.

13.03 Severability. Invalidation of any one of these covenants or restrictions by judgment or court order shall in no way affect any other provisions, which shall remain in full force and effect.

13.04 Independent Builders. The Property is being developed by the Declarant. Individual Parcels may be developed by the Declarant, or by independent builders and/or developers. If a Residence, Lot, or Condominium Unit is constructed by a person or entity other than the Declarant, the Declarant shall have no liability whatsoever for the builder's activities,

OR BK 03321 PG 2911

whether direct or indirect, including, without limitation, marketing or construction of the unit or actions of any principal, officer, director, partner, agent or subcontractor.

13.05 Litigation. No judicial or administrative proceeding shall be commenced by the Master Association unless approved by a vote of seventy-five percent (75%) of the votes eligible to be cast. This Section shall not apply, however, to: (a) actions brought by the Master Association to enforce the provisions of this Declaration (including, without limitation, the foreclosure of liens), (b) the imposition and collection of Assessments, (c) proceedings involving challenges to ad valorem taxation, or (d) counterclaims brought by the Master Association in proceedings instituted against it. In the event any claim is made against Declarant or any litigation is instituted against Declarant, then the Master Association shall assess all Members, other than the Declarant, for the costs of claim or litigation, including without limitation attorneys' fees incurred, and funds from any Assessments shall not be used for any such claim or litigation. The prevailing party shall be entitled to recover as part of the award all such advanced costs and reasonable attorneys' fees and related costs, fees or expenses of such claim or litigation. In the event the Declarant is the prevailing party, the Master Association shall levy a Special Assessment against all Owners, other than the Declarant, for the Declarant's cost for any such claim or litigation. This provision shall not be amended unless such amendment is made by the Declarant or is approved by the percentage of votes and pursuant to the same procedures necessary to institute proceedings as provided above.

13.06 Declarant's Sales Activities. Nothing herein shall be construed to restrict, prohibit or in any way inhibit Declarant's efforts to promote, market and sell the Property, or any portion thereof. In particular and without limitation, Declarant shall be entitled to operate, or authorize other builders to operate, sales trailers and model homes within the Property. Declarant shall also be entitled to sponsor promotional events, and make or permit such other use of the Property as Declarant deems appropriate to promote the use or sale of the Property. This provision may not be modified nor deleted without the express written consent of Declarant, which consent may be withheld for any reason.

13.07 Additional Property. Declarant contemplates that additional land and improvements (referred to herein as the "Additional Property") may from time to time be made subject to the terms of this Declaration; provided that the Additional Property is contiguous to the Property; and provided, further, that the maximum number of residential units that may ultimately be subject to this Declaration shall not exceed 1,200 units. Declarant reserves the right to add Additional Property to this Declaration by executing one or more amendments to this Declaration without the necessity of any consent or joinder by any Owners or by the Master Association. If, as, and when Additional Property is made subject to this Declaration, the Property shall be enlarged and expanded so as to encompass and include the Additional Property, the improvements thereon and the easements and rights appurtenant thereto. Each Owner of a Lot or Unit within the Additional Property, if and when made subject to this Declaration, shall be entitled to equal rights with the Owners of Lots or Units previously made subject to this Declaration. The determination of whether or not to add any Additional Property shall be exercised by Declarant in its sole discretion without the necessity of consent by the Owners or by the Association. NOTHING HEREIN CONTAINED SHALL BE DEEMED TO MAKE IT OBLIGATORY FOR DECLARANT TO ADD ANY ADDITIONAL PROPERTY.

OR BK 03321 PG 2912

ARTICLE XIV
SHARED AREAS AND FACILITIES

14.01 General. Prior to Turnover, Declarant may, but shall not be obligated, to install entrance features, walls and/or fences, lighting components, landscape plantings and irrigation systems within the Common Areas. Any and all such improvements shall be maintained by the Master Association, unless maintenance is otherwise delegated to any Neighborhood Association or governing agency.

14.02 Easements. Declarant hereby reserves to itself and in favor of the Master Association, an easement of five (5) feet in width, around the perimeter of each Lot within the Property for the erection, maintenance, repair, replacement and reconstruction of all entrance features, walls and/or fences, lighting components, landscape plantings and irrigation systems constructed by Declarant, and any other common facilities which the Master Association may later elect to install if such common facilities shall be approved by the members.

14.03 Expenses. The costs of operating, maintaining, repairing, replacing and reconstructing the Common Areas and all walls and/or fences, lighting components, landscape plantings, irrigation systems and other common facilities located within the Common Areas and all easements appurtenant thereto shall be a Master Association Expense.

14.04 Use of the Words "Grande Oak". No person shall use the words "Grande Oak," or any derivative thereof in any printed or promotional material without the prior written consent of Declarant. However, Owners may use the words "Grande Oak" in printed or promotional matter when such term is used solely to specify that particular property is located within the Grande Oak development, and the Master Association shall be entitled to use the words "Grande Oak" in their business name.

14.05 Security. Neither Declarant nor the Master Association make any representations whatsoever as to the security of the premises or the effectiveness of any monitoring system, guardhouse, traffic control gate or security service. All Members agree to hold Declarant, the Club Owner and the Master Association harmless from any loss or claim arising from the occurrence of any crime or other act. Neither the Master Association, the Club Owner, the Declarant, nor any successor declarant shall in any way be considered insurers or guarantors of security within the Property. Neither the Master Association, the Club Owner, the Declarant, nor any successor declarant shall be held liable for any loss or damage by reason or failure to provide adequate security or ineffectiveness of security measures undertaken, if any. All Owners and occupants of any Parcel, tenants, guests, licensees and invitees of any Owner, as applicable, acknowledge that the Master Association and its Board of Directors, the Club Owner, the Declarant, or any successor declarant and the Architectural Review Board do not represent or warrant that any fire protection system, burglar alarm system, gatehouse, or other security system, if any designated by or installed according to guidelines established by Declarant or the Architectural Review Board may not be compromised or circumvented; that any fire protection, burglar alarm systems, gatehouse or other security systems will prevent loss by fire, smoke, burglary, theft, hold-up, or otherwise; nor

OR BK 03321 PG 2913

that fire protection or burglar alarm systems or gatehouse, or other security systems will in all cases provide the detection or protection for which the system is designed or intended. Each Owner and occupant of any Parcel, and each tenant, guest, licensee and invitee of an Owner, as applicable, acknowledges and understands that the Master Association, its Board of Directors and committees, the Club Owner, the Declarant, or any successor declarant are not insurers and that each Member, Owner and occupant of any Parcel and each tenant, guest, licensee and invitee of any Member or Owner assumes all risks for loss or damage to person, to structures, and to the consents thereof, and further acknowledges that the Master Association, its Board of Directors and committees, the Club Owner, the Declarant, or any successor declarant have made no representations or warranties; nor has any Owner, Member, occupant, tenant, guest or invitee relied upon any representations or warranties, expressed or implied, including any warranty or merchantability of fitness for any particular purposes, relative to any fire and/or burglar alarm systems or other security systems recommended or installed, if any, or any security measures undertaken within the Property, if any.

14.06 Cable and Telecommunications Systems.

(a) Declarant hereby reserves unto itself and its designees, successors, assignees and licensees the right, without obligations, to construct or install over, through, under, across and upon the Common Areas or within designated utility easements within the Property for the use of the Owners and their permitted or authorized guests, invitees, tenants, licensees and family members one or more cable and/or telecommunications receiving and distribution systems and electronic surveillance systems, emergency, medical or surveillance monitoring or alarm systems (all or any part of which shall be referred to herein as the "System"), the exact description, location and nature of which may have not yet been fixed nor determined. Declarant shall have and hereby reserves to itself and its designees, successors, assignees and licensees a perpetual and exclusive right, privilege, easement and right-of-way for the installation, construction and maintenance of the System (the scope, extent, size and location of which over, across, upon and through the Property shall be determined solely by Declarant, its successors, designees and assigns) together with a perpetual and exclusive right and privilege of: (i) unlimited ingress and egress thereto for installing, constructing, inspecting, repairing, maintaining, altering, moving, improving and replacing the facilities and equipment constituting the System including, without limitation, any towers, antennas, conduits, wires, cables, lines, panels, boxes, housings, connections, insulators and amplifiers necessary or desirable to receive and distribute services of the System including, without limitation, television and radio signals, electronic banking, surveillance, fire, police and emergency medical protection; and (ii) transmitting, the facilities and equipment of which shall be owned and exclusively controlled by Declarant, its successors and assigns or its designees.

(b) Declarant and/or the Master Association shall have the right to enter contracts for the exclusive provision of the System, as Declarant and the Master Association shall deem, in their sole respective discretion, to be in the best interests of the Property. Should the Declarant enter into a contract or contracts pursuant to this subsection (b), the Master Association shall, to the extent the Declarant assigns its rights and obligations under any such contract or contracts, accept such assignment, and Master Association hereby agrees to be bound by all of the terms and provisions of the contact or contracts.

OR BK 03321 PG 2914

(c) The term "Contractual Designee" or "Designees" shall mean the company or companies with which Declarant or the Master Association has contracted for the furnishing of such System services.

(d) Every Owner subscribing to the System services contract may be subject to a charge, payable per Parcel on such day of each month or quarter in advance, as the Board may select, for basic cable television programming services. The Master Association shall impose, along with Master Association Assessments, against each Parcel an Individual Assessment as it shall determine, in the amount of the basic fees due and payable for the System and shall collect same and forthwith remit the amount collected to the Contractual Designee providing the System services.

(e) Declarant may excuse portions of the Property from the provisions of this Section which, in the determination of Declarant, have uses for System services inconsistent with the overall design of such services in the Property as a whole.

14.07 Declarant's Rights.

(a) In recognition of the fact that Declarant will have a continuing and substantial interest in the development and administration of the Property, Declarant hereby reserves for itself, its successors, designees, and assigns, the non-exclusive right to use all Common Areas and all other portions of the Property retained by Declarant in conjunction with and as part of its program of sale, leasing, construction, marketing, and development including, but not limited to, the right to carry on construction and to enter and transact business; maintain models and sales and rental offices; employ sales and rental personnel; show Parcels; use on-site transportation systems; and use portions of the Property and Parcels and improvements owned by Declarant or the Master Association for purposes set forth above, for storage of construction materials, and for construction and assembling construction components without any cost to Declarant and its successors, nominees and assigns. In addition to its other rights to the Common Area, Declarant, its successors, designees, and assigns, shall have the non-exclusive right to use all or any portion of any buildings thereon as a sales, rental, or construction office. Any models, sales areas, sales or rental office(s), parking areas, construction office(s), signs and any other designated areas or property pertaining to the sale, construction, marketing, maintenance and repair efforts of Declarant shall not be part of the Common Areas or Neighborhood Common Area, and shall remain the property of Declarant or its nominees, as the case may be. Declarant shall have the non-exclusive right to construct, maintain and repair structures and landscaping and other improvements to be located within the Common Areas and other portions of the Property retained by Declarant as Declarant deems necessary or appropriate for the development of the Property. Declarant's use of any portion of the Property as provided in this subparagraph shall not be a violation of this Declaration.

(b) Notwithstanding anything to the contrary contained in this Declaration, Declarant shall have the right to retain and use, in connection with any Parcels it owns, any and all of the rights and privileges it has reserved in this Declaration; provided that Declarant, no later than Turnover, shall assign all such rights and privileges it then has to the Master Association and the Master Association must accept such assignment.

OR BK 03321 PG 2915

(c) Notwithstanding anything to the contrary contained in this Declaration, Declarant, in its sole discretion, may assign any of its rights, powers, duties, obligations, interests, privileges or remedies relating to a particular Neighborhood to the Neighborhood Association responsible for administering said Neighborhood.

(d) The Declarant shall not in any way or manner be held liable or responsible for any person's violation of this Declaration or the Governing Documents, other than those committed by itself. Any provision of the Governing Documents which requires the consent of Declarant shall be subject to Declarant's right to withhold its consent in its sole discretion.

The rights and privileges of Declarant, its successors, designees and assigns, as set forth in the paragraphs above, are in addition to and in no way limit any other rights or privileges of Declarant, its successor, designees and assigns, under this Declaration, the Articles or the By-Laws. The provisions of the paragraphs above, like other provisions of this Declaration, grant or reserve rights to and for Declarant and may not be suspended, superseded or modified in any manner unless same is consented to by Declarant. The rights and privileges set forth herein, like Declarant's other rights herein, may be assigned in writing by Declarant in whole or in part as Declarant deems appropriate.

ARTICLE XV
THE CLUB AT GRANDE OAK

15.01 Club Property. Declarant, or an affiliate thereof, will own and operate the Club Property, to be known as The Club at Grande Oak. The Club Property shall not be a part of the Common Areas or of the Property unless Declarant shall specifically so state by written document recorded in the Public Records of Lee County, Florida. The Club Property may be improved by a golf course, tennis courts, and other recreational facilities traditionally located on country club properties. Declarant, or its affiliate, may establish the Club Property as either a private, semi-private, or public facility, as Declarant, or its affiliate, may elect in its sole and absolute discretion; and, further, later convert any public facility to a private or semi-private facility, without the consent of the Master Association or any Owner.

15.02 Social Membership. Upon acquisition of a Lot or Parcel, each Owner shall apply for and maintain a social membership in, and pay social membership dues to, the Club Owner, pursuant to and subject to the terms of the Covenant for Club Membership and Club Charges (referred to herein as the "Club Membership Covenant"). The rights and privileges of the social membership shall be as found in the Club Membership Covenant, as the same shall be amended from time to time. At a minimum, a social member shall have the right to utilize the clubhouse facilities and swimming pool, when completed, but shall not have the right to utilize the tennis courts, exercise facilities, golf course or any putting green, driving range, or any of the golfing facilities connected therewith. Goods and services purchased or utilized by the Owner shall be billed to the Owner. Dues and costs associated with said social membership shall be as promulgated by The Club at Grande Oak from time to time. Payment of membership dues shall be an Individual Assessment collected by the Master Association from each Owner and remitted by the Master Association to The Club at Grande Oak, with such frequency as The Club at Grande Oak determines from time to time commencing upon the completion of the clubhouse; provided, however, that membership dues shall not be charged against any Lot or Parcel for which a certificate of occupancy or completion has not yet been issued. All other expenses incident to use and operation of said Club Property shall be an Individual Assessment, collected by the Master Association in accordance with the terms and provisions hereof.

15.03 No Voting or Equity Interest. Each Owner acknowledges and agrees by accepting title to a Lot or Parcel, that no Owner shall have any equity or other interest and in and to the Club Property, except as a social member, subject to the Club Membership Covenant or founding documents of The Club at Grande Oak and the terms and provisions hereof; nor shall any Owner have any ownership, management, voting or other interest in and to the Club Property.

15.04 Use of Club Facilities. The Club Owner shall set membership and use policies and rules and regulations from time to time. Under no circumstances shall Owners begin play from Lots or Parcels and the same shall be deemed a trespass. The facilities on the Club Property shall be developed and provided at the discretion of the Club Owner. The Club Owner has the exclusive right to determine from time to time, in its sole discretion and without notice or approval of any change,

OR BK 03321 PG 2917

how and by whom the Club Property facilities shall be used, if at all. Ownership of a Lot, Parcel or any other portion of the Property or membership in the Master Association or any Neighborhood Association does not give any vested right or easement, prescriptive or otherwise, to use the Club Property, and does not grant any ownership, membership or use interest therein.

15.05 Jurisdiction and Cooperation. The Master Association, Neighborhood Associations and the Club Owner shall cooperate and assist each other to the maximum extent possible to facilitate the profitable operation of the Club Property. Each shall reasonably assist the other in upholding Community Wide Standards as set from time to time. Neither the Master Association nor any Neighborhood Association shall have the power to promulgate rules and regulations (including Community Wide Standards) affecting activities on or use of the Club Property without the prior written consent of the Club Owner, which consent may be withheld for any or no reason.

15.06 Open Space. Notwithstanding the fact that the Club Property may be open space or a recreation area for purposes of applicable zoning ordinances and regulations, each Owner by acquisition of title to a Lot or Parcel releases and discharges forever the Declarant, the Club Owner and their partners, shareholders, officers, directors, employees, agents and affiliates, from: (1) any claim that the Club Property is, or must be, owned and/or operated by the Master Association or the Owners, and/or (2) any claim that the Owners are entitled to use the Club Property by virtue of their ownership of a Lot or Parcel without acquiring a membership in the Club which could require payment of the applicable membership initiation, and dues, fees and charges established by the Club Owner from time to time, and complying with the terms and conditions set from time to time by the Club Owner.

15.07 Irrigation. The Club Owner acknowledges and agrees, pursuant to the governmental approvals, that the Club Property may be required to be irrigated with irrigation quality re-use water to the extent available and the Club Owner shall take all actions required by applicable law to irrigate using irrigation quality re-use water, including, without limitation, providing any required signage. Nothing in this Declaration shall prohibit the Club Owner from using other sources for irrigation if irrigation quality reuse water is not available in sufficient quantities or use thereof is not required by the governmental approvals.

15.08 Maintenance Easement. Every Lot, Parcel, Common Area and Neighborhood Common Area is burdened with an easement permitting the Club Owner to utilize portions of the Lots, Parcels, Common Area and Neighborhood Common Area abutting the golf course to maintain portions of the golf course, provided such easement shall be exercised in a manner which does not interfere with use or enjoyment of the Lot, Parcel, Common Area or Neighborhood Common Area for its primary purpose and that such use by the Club Owner will not damage landscaping or other improvements on the Lot, Parcel, Common Area or Neighborhood Common Area.

15.09 Assumption of Risk and Indemnification. Each Owner, by its purchase of a Lot or Parcel in the vicinity of the Club Property, hereby expressly assumes the risk of noise, personal injury or property damage caused by maintenance and operation of the Club Property, including, without limitation; (a) noise from maintenance equipment and it being specifically understood that such maintenance typically takes place around sunrise or sunset, (b) noise caused by golfers, (c) use

OR BK 03321 PG 2918

of pesticides, herbicides, fertilizers and effluent irrigation, (d) view restrictions caused by planting and maturation of trees, shrubbery and golf course features, such as berms (whether planted or installed prior to Owner's occupancy of a Lot or Parcel or subsequently planted or installed), (e) reduction in privacy caused by golf traffic on the golf course or the removal or pruning of shrubbery or trees on the Club Property, (f) errant golf balls and golf clubs, and (g) design of the Club Property. Further, neither Declarant, Master Association, Club Owner nor any other entity owning or managing the golf course shall be liable to Owner for any other person claiming any loss of damage, including, without limitation, indirect, special or consequential loss or damage arising from personal injury, destruction of property, trespass, loss of enjoyment or any other alleged wrong or entitlement to remedy based upon, due to, arising from or otherwise related to the proximity of Owner's Lot or Parcel to the Club Property, including, without limitation, any claim arising in whole or in part from the negligence of the Declarant, Master Association, Club Owner or any other entity owning or managing the golf course. Each Owner hereby agrees to indemnify and hold harmless Declarant, Master Association, Course Owner and any other entity owning or managing the golf course against any and all claims by Owner's visitors, tenants and other upon such Owner's Lot or Parcel.

15.10 Rights of Access. The Club Owner and all persons permitted by the Club Owner to use the Club Property (regardless of whether such persons are Owners hereunder) shall at all times have a right and non-exclusive easement of access and use over all roadways located within the Property reasonably necessary to travel to and from the entrances to the Property from and to the Club Property, respectively, and, further, over those portions of the Property (whether Common Area or otherwise) reasonably necessary to the use, operation, maintenance, repair and replacement of the Club Property.

15.11 Easement for Golf Balls. Every Lot and Parcel is burdened with an easement permitting golf balls hit from the Club Property to unintentionally come upon the Lot or Parcel and for golfers at reasonable times and in a reasonable manner to come upon the exterior portions of the Lot or Parcel to retrieve errant golf balls; provided, however, if the Lot or Parcel is fenced, walled or enclosed with screening, the golfer shall seek the Owner's or occupant's permission before entry. All Owners, by acceptance and delivery of a deed to a Lot or Parcel, assume all risks associated with errant golf balls, and all Owners agree and covenant not to make any claim or institute any action whatsoever against the Declarant, the Master Association, the Club Owner, the golf course designer, any builder, or any other party other than the golfer who caused the property damage or personal injury, arising or resulting from any errant golf balls or golf clubs, any property damage or personal injury that may be caused thereby, or for negligent design of the golf course or siting of the Lot or Parcel. Nothing in this section shall in any way relieve golfers from liability for damages resulting from errant golf balls.

15.12 Tournaments and Special Events. Any golf course or tennis facility built upon Club Property may be built with the intent that it be used for tournament play, although Declarant does not warrant that such tournaments will take place. The players in and spectators of such tournaments shall have a perpetual non-exclusive easement in their favor to use the Common Areas for all normal purposes of ingress, egress and parking, and for the furnishing of services and facilities and for such other purposes for which the same are reasonably intended; provided that they shall not block access

OR BK 03321 PG 2919

to any Lots or Parcels and that the streets shall remain free of any hazardous conditions. Notwithstanding anything contained herein, the aforesaid easement as it relates to the use of the Common Areas shall be only as to that portion of the Common Areas and/or parking necessary for the use specified in this paragraph. Any disputes as to what constitutes a normal purpose or what portion of the Common Areas are necessary for their use shall be determined by Declarant in its sole and absolute discretion. The Club Owner shall indemnify Owners and the Master Association against any damage which may be caused by spectators at tournaments and by persons attending special events sponsored by the Club Owner, and the Club Owner shall be responsible for trash clean-up after any such tournaments and special events.

OR BK 03321 PG 2920

ARTICLE XVI
RIGHTS OF INSTITUTIONAL MORTGAGEES

16.01 Financial Matters and Insurance. The Master Association and any Neighborhood Association shall make available for inspection upon request, during normal business hours or under reasonable circumstances, the Governing Documents and the books, records and financial statements of the Master Association or Neighborhood Association to the Owners and Institutional Mortgagees. In addition, evidence of insurance shall be issued to each Owner and Institutional Mortgagee upon written request to the Master Association or Neighborhood Association.

(a) Upon written request to the Master Association or Neighborhood Association, identifying the name and address of the Institutional Mortgagee and the legal description of the subject Parcel, the Master Association or Neighborhood Association shall provide such Institutional Mortgagee with timely written notice of the following:

(i) Any condemnation loss or any casualty loss which affects any material portion of the Common Area or Neighborhood Common Area;

(ii) Any lapse, cancellation or material modification of any insurance policy or fidelity bond maintained by the Master Association or Neighborhood Association;

(iii) Any proposed action which would require the consent of mortgagees holding a mortgage encumbering a Parcel;

(iv) Any failure by an Owner encumbered by a mortgage held, insured or guaranteed by an Institutional Mortgagee to perform his obligations under the Governing Documents, including, but not limited to, any delinquency in the payment of Regular, Neighborhood or Special Assessments, or any other charge owed to the Master Association or Neighborhood Association by said Owner when such failure or delinquency has continued for a period of sixty (60) days.

Any failure of the Master Association or Neighborhood Association to send any such notice to any Institutional Mortgagee shall have no effect on any meeting, act or thing which was to have been the subject of such notice nor affect the validity thereof, and the Master Association or Neighborhood Association shall not be liable for damages which may be caused by or arise from the failure to send such notice.

(b) Any Institutional Mortgagee who receives a written request from the Master Association or Neighborhood Association to respond to or consent to any action shall be deemed to have approved such action if the Master Association or Neighborhood Association does not receive a written response from the Institutional Mortgagee within twenty (20) days of the date of the Master Association or Neighborhood Association's request.

DECLARATION OF NEIGHBORHOOD COVENANTS
(Tract 6)

This Declaration of Neighborhood Covenants is hereby made this 26 day of January, 2001, by **Florida Development Partners, L.C.,** a Florida limited liability company, hereinafter referred to as "Declarant."

WITNESSETH:

WHEREAS, Declarant is the developer of the community known as Grande Oak, as further described in that certain Declaration of Covenants, Conditions, Restrictions and Easements for Grande Oak, recorded in Official Records Book 3321, Page 2858, of the public records of Lee County, Florida, as the same may be amended from time to time (referred to herein as, the "Master Declaration");

WHEREAS, the Master Declaration contemplates that Neighborhood Covenants (as defined therein) will be recorded encumbering portions of the property located within Grande Oak;

WHEREAS, Declarant desires to impose certain restrictions upon the premises commonly known as Tract 6 at Grande Oak, as more particularly described on Exhibit "A" hereto and incorporated herein by virtue of this reference (referred to herein as, the "Neighborhood");

NOW, THEREFORE, Declarant declares that the Neighborhood, and any and all property now or hereafter located therein, shall be held, transferred, sold, conveyed, leased, mortgaged and otherwise dealt with subject to the following covenants, conditions, restrictions and easements set forth in this Declaration of Neighborhood Covenants, which shall run with the land, be part of such Neighborhood, and inure to the benefit of, and be enforceable by, each party obtaining any ownership interest therein and their successors in title, as follows:

1. No more than twenty one (21) residential units ("Units") shall be constructed within the Neighborhood. No Units shall be constructed within the Neighborhood, except for detached villas containing not less than 2,300 square feet and not more than 3,600 square feet of living area. Construction of all

improvements shall be subject to the approval of the Architectural Review Board, as defined and set forth in the Master Declaration.

2 Declarant does hereby reserve for itself, its successors and assigns, a non-exclusive, perpetual easement encumbering the Neighborhood, for the installation, maintenance and repair of stormwater drainage facilities, water facilities, sewer facilities, and any and all other utility facilities of any nature whatsoever; provided, however, Declarant's use or exercise of any rights Declarant has under the terms of the easements reserved hereby shall not materially and adversely impact upon any subdivision improvements, recreational amenities, or any buildings, pools, lanais, or appurtenant structures constructed within the Neighborhood; and provided further that Declarant shall be solely responsible for the cost of construction of any improvements constructed by Declarant in said easement.

3. Until such time as Declarant has conveyed all property within the Neighborhood, Declarant does hereby reserve a non-exclusive ingress and egress easement over and across the streets of the Neighborhood to access any properties located within the Neighborhood owned by Declarant.

4. No Lot located within the Neighborhood shall be conveyed or leased as vacant land without Declarant's written approval.

5. Any and all Neighborhood Common Areas (as that term is defined in the Master Declaration) and any and all improvements therein, shall be available for the use by all residents within the Neighborhood, subject only to the right of any Neighborhood Association to assess the residents thereof assessments and dues to cover the cost of operations thereof.

6. Each Lot or Unit within the Neighborhood shall be subject to a lien in favor of Grande Oak Marketing Group, Inc., a Florida not-for profit corporation (the "Marketing Association"), to secure the obligation of the original builder of a Unit therein to contribute to the Marketing Association a marketing fee (the "Marketing Fee") in an amount equal to two (2%) percent of the gross purchase price of each Unit constructed within the Neighborhood. For purposes hereof, the gross purchase price of each Unit shall be determined by adding the base price of the Unit, including the price of the Lot, plus the prices of all options, upgrades or change orders for the Unit, plus all fees or charges paid by the buyer of the Unit to the builder as consideration or compensation for the Unit, plus any premium or surcharge received by builder from the buyer for Lot or location premiums, but shall exclude any financing costs, prepaid expenses or closing costs paid by the buyer, and any personal property included in the sale. The Marketing Fee is intended to cover actual costs incurred by the Marketing Association, without mark-up, with regard to the community-wide marketing program and its sales center, which is intended to benefit all developments within the Grande Oak community. The Marketing Fee shall be secured by a Claim of Lien to be filed by

the Marketing Association against the entire Neighborhood and shall be released by the Marketing Association at such time as the Marketing Fee is paid to the Marketing Association. The lien shall be subordinate to the lien of a first mortgage in favor of an institutional lender providing financing for the development of, and\or construction of Units within the Neighborhood. The Marketing Fee shall be paid in connection with the initial sale of Units by the original builder to its third party purchasers, and shall not apply to subsequent sales of units by said third party purchasers.

7. All capitalized terms herein shall be as defined in the Master Declaration, unless otherwise defined herein.

8. These Neighborhood Covenants may be amended only by the affirmative vote or written consent, or any combination thereof, of Members representing sixty-seven (67%) of the total votes within the Neighborhood Association; provided, however, that no amendment shall be made to these Neighborhood Covenants without the consent and joinder of Declarant, so long as Declarant owns any portion of the Property within the Grande Oak community.

9. These Neighborhood Covenants shall constitute a covenant running with the land and shall remain in effect for the same term as the Master Declaration.

10. In the event of any inconsistency between the terms of this Declaration of Neighborhood Covenants and the terms of the Master Declaration, the terms of the Master Declaration shall control.

IN WITNESS WHEREOF, Declarant has set its hand and seal the date and year first written above.
